

Outdoor Adventure

Little Bird Song

Once I saw a little bird go hop, hop, hop
So I said little bird won't you "stop, stop, stop"
I was going to the window to say, "How do you do?"
But he shook his little tail and away he flew!

Insect Song

Tune: The Wheels on the Bus

The firefly at night goes blink, blink blink,
Blink, blink, blink, blink, blink.
The firefly at night goes blink, blink blink.
All through the town.

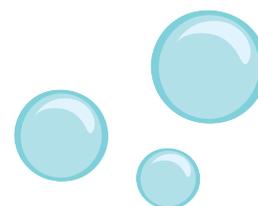

- +The bees in the flowers go buzz, buzz, buzz...
- +The ants in the grass go march, march, march...
- +The grasshoppers in the field go hop, hop, hop...

Fairy Flower Sharing Game (CSLP)

For this game, cut out and color the attached flowers. Have a parent or caregiver divide the pile equally by saying the following rhyme. Once they have the flowers divided, have the child(ren) count each pile to see if there is the same number in each. Take turns handing out the flowers and switch how many flowers each time.

One for you, (give one to parent or caregiver)
One for me, (keep one for yourself)
Now we are both happy as can be.

Homemade Bubbles (homesciencetools.com)

Measure **6 cups of water** into one container, then pour **1 cup of dish soap** into the water and slowly stir it until the soap is mixed in. Try not to let foam or bubbles form while you stir. Measure **1 tablespoon of glycerin** or **1/4 cup of corn syrup** and add it to the container. Stir the solution until it is mixed together. You can use the solution right away, or put the lid on the container and let your super bubble solution sit overnight. (Note: If you used "Ultra" dish soap, double the amount of glycerin or corn syrup.)

Origami Rabbit (CSLP)

In origami, we take one piece of paper and fold it into being a new shape, just like an author can take an old story and add changes to make it a new story.

Try your hand at origami with the attached Instruction sheet.

Outdoor Adventure Scavenger Hunt

Head outdoors with the family on a walk through your neighborhood and mark off as many of the items you see on the attached sheet.

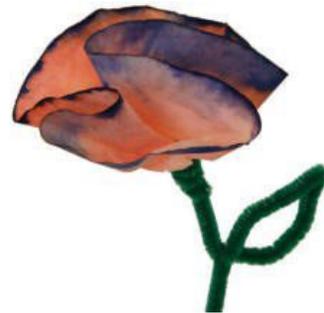

Chalk Games (activeforlife.com/8-active-chalk-games/)

- **Hopscotch**
- **Chalk Bullseye**
 - Have kids draw concentric circles and write numbers or math programs in each circle and solve or simply throw an item closest to the bullseye
- **Alphabet Hop**
 - Draw 26 squares or circles and write the letters of the alphabet in each. For kids just learning their alphabet, call out letters to hop from one to another.

Coffee Filter Flower Craft

- washable markers
- coffee filters (1-4 per flower)
- water
- pipe cleaner
- table liner or plastic wrap to cover table

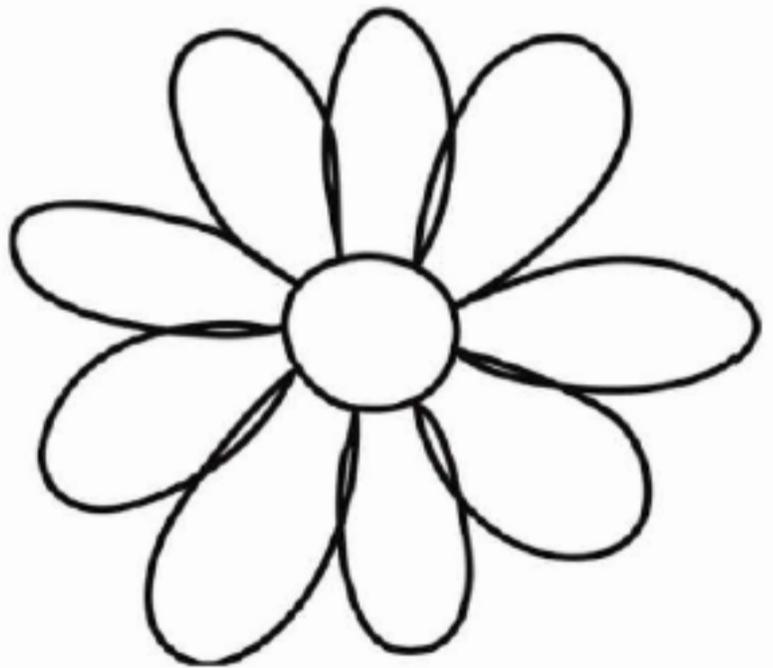

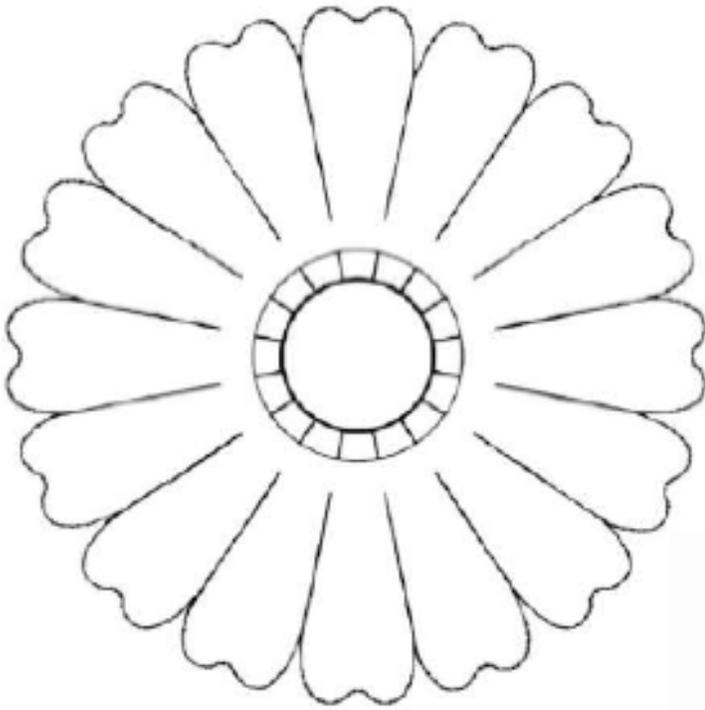

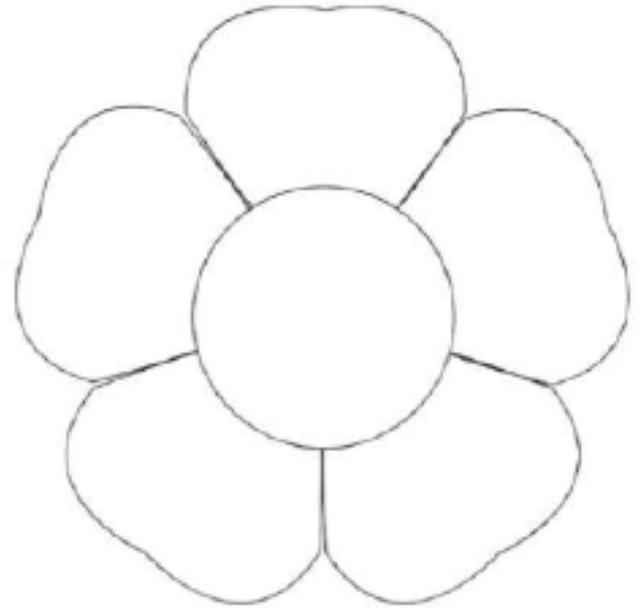

Cover your work area so the markers do not bleed onto your surface. Use markers to scribble all over the coffee filters. Next, wet the newly-scribbled flowers, you won't need a lot of water. Set aside while you wait for the decorated coffee filters to dry. The colors will continue to bleed as they sit.

After the coffee filters have dried, you are ready to assemble. Stack as many filters as you want for a single flower together and fold in half. Then, fold in half again, so it's in fours. You can then continue to accordion fold. Use a pipe cleaner to tightly attach the point of your folded coffee filters. Be sure to cinch it tightly so it holds. Then, gently separate the folded pieces from one another, and then you're done!

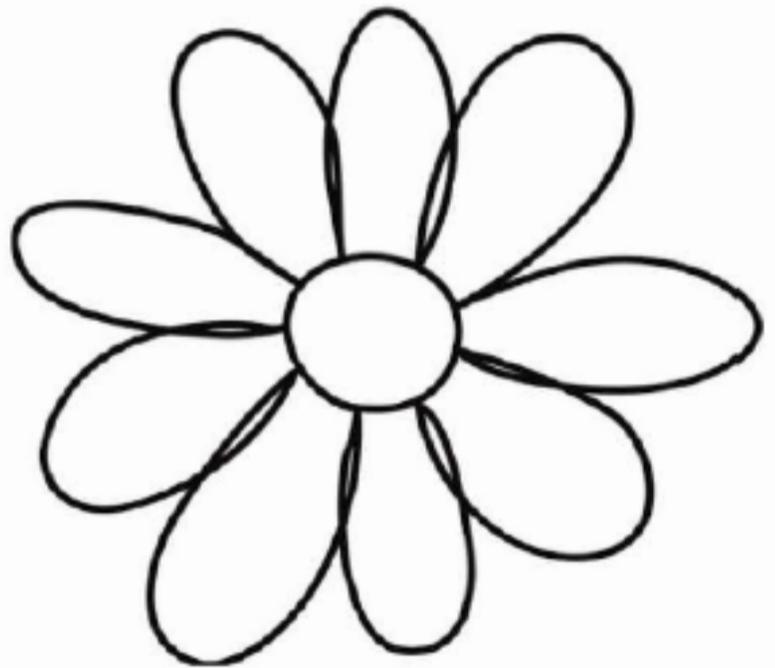

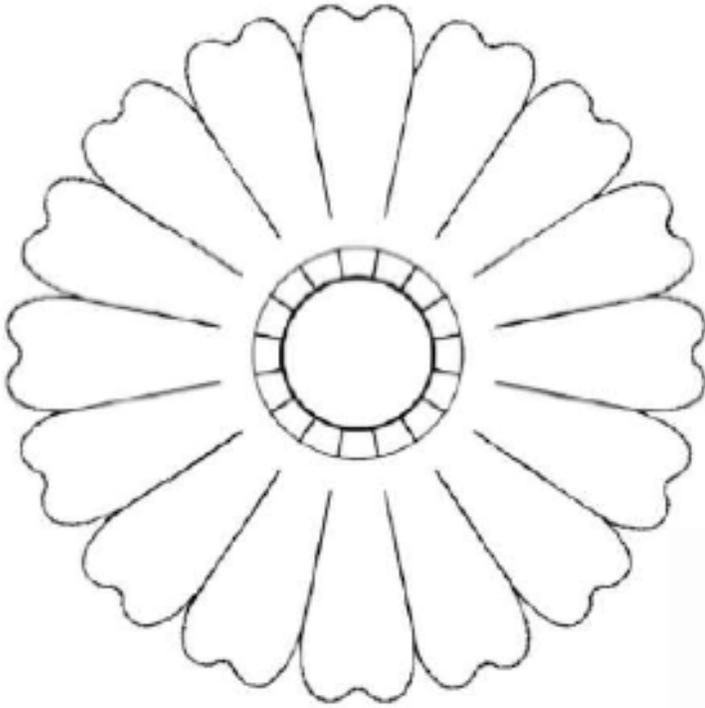

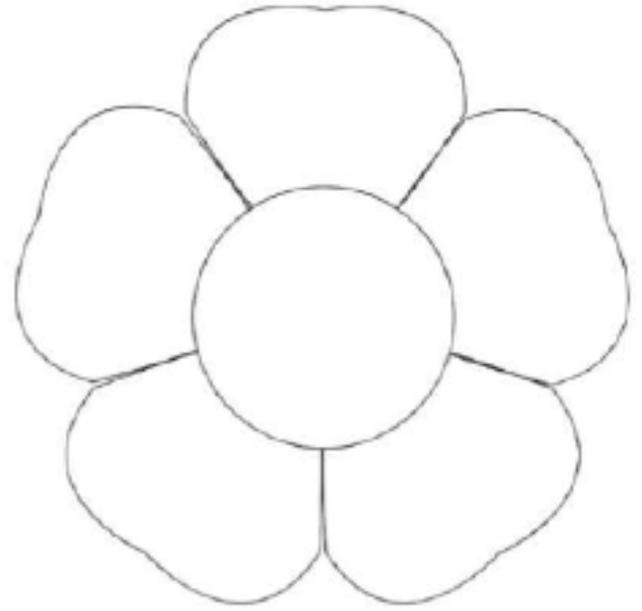

Fairy Flower Sharing Game

Color and then cut out each of the flowers.

Fairy Flower Sharing Game

Color and then cut out each of the flowers.

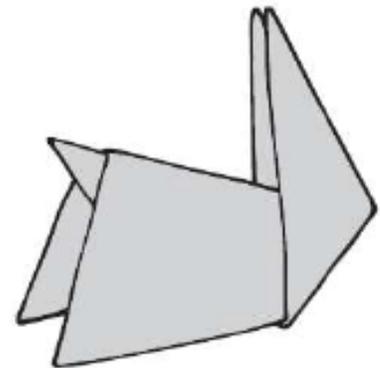

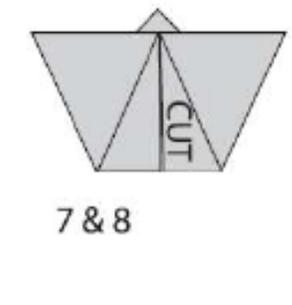

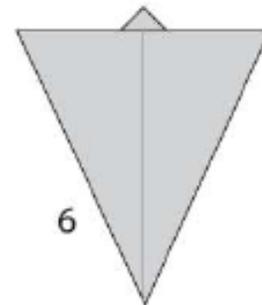

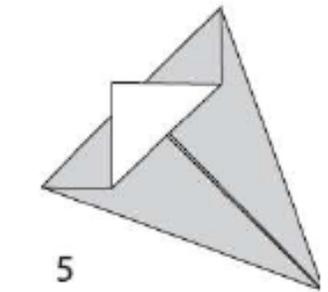

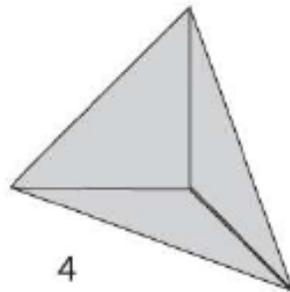

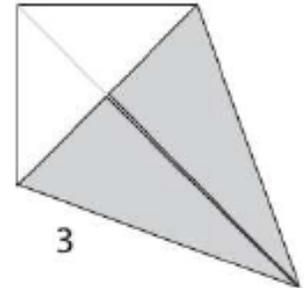

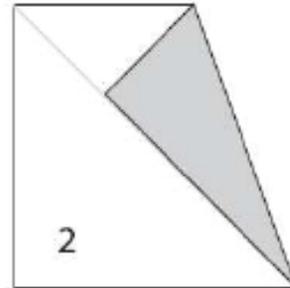

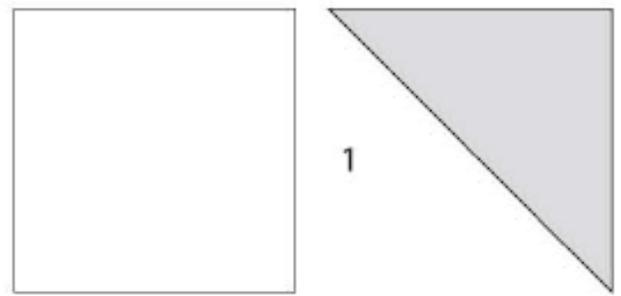

Origami Rabbit

What You Need:

- Origami paper or a paper cut into a square
- Scissors

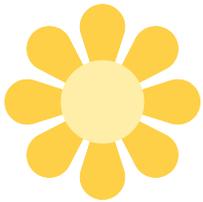

Steps

1. Take a square sheet of paper and position it so it looks like a diamond shape. Fold in half and unfold.
2. Take the right corner and fold it to the middle crease as shown.
3. Repeat on the left side, folding the left corner and fold it to the middle crease.
4. Take the top corner and fold it down.
5. Take the triangle-shaped flap and fold it partway back up. This makes the rabbit's tail.
6. Turn it over. The tail should be at the top.
7. Take the bottom corner and fold it part of the way back up as shown.
8. Cut the top flap from the top to the fold. This makes the rabbit's ears.
9. Turn it to the side and fold it in half so that the ears are on the outside.
10. Refold the ears slightly so that the ears stick up.
