Homemade Popsicle Recipes (JessicaGavin.com)

Don't have a mold? Use something you may already have at home like a muffin tin, plastic cups, a loaf tin, ice cube trays or even leftover yogurt cups!

Peach Strawberry Yogurt Popsicles
3 cups strawberries, pureed to 1 ½ cup
3 cups peaches, peeled and sliced, pureed to 1 ½ cup
2 tablespoons honey, divided
⅓ cup vanilla greek yogurt

1) In a blender, puree strawberries with four teaspoons honey then set aside.
2) Clean blender, puree sliced peaches with two teaspoons of honey, set aside.
3) Layer the popsicles as follows; 2 teaspoons strawberry puree, 1 teaspoon yogurt, 2 teaspoons peach puree and repeat. Make a fruit puree your last layer.
4) Tap the mold on the counter to make sure all of the layers settle. Use a small spoon to drag vertically from the bottom to the top of the mold a few times to create a swirled pattern.
5) Gently tap the molds on the countertop to remove any air bubbles.
6) Insert the popsicle sticks, and then freeze for at least 6 hours, or overnight. You can use plastic wrap to help keep the sticks from falling over.
