

Snowmen

A Chubby Little Snowman

A chubby little snowman had a carrot for a nose.
Along came a bunny and what do you suppose?
That hungry little bunny was looking for his lunch...
And he ate that snowman's nose...
CRUNCH!

Snow is not really white, it actually has no color! It looks like it's white because of reflections from the sun.

The biggest snowman of all time was created in Maine. The snow woman was 122 feet tall and was named Olympia.

S is for Snowman

S is for snowman, round and fat
Sitting outside wearing a hat!
I brought him inside,
and sat him on the mat.
And before very long,
the snowman was flat!

Snow Pal Song (tune of "Freres Jacques")

Great big ball, great big ball, made of snow, made of snow,
Rolling down the street, landing at my feet!
Great big ball, great big ball.
Medium size ball, medium size ball, made of snow, made of snow!
Rolling down the street, landing at my feet!
Medium size ball, medium size ball!
Teeny tiny ball, teeny tiny ball made of snow, made of snow
Rolling down the street, landing at my feet,
Teeny tiny ball, teeny tiny ball!
Watch my snow pal grow as the balls they go... 1,2,3 1,2,3!

Snow becomes suitable for packing when it approaches its melting point, about 32 degrees Fahrenheit, and becomes moist and compact.

Build a Snowman

preschoolsteam.com

Explore STEAM ideas by building a snowman using aluminum. Children will learn how use properties of size (choosing larger or smaller squares), pressure (squeezing foil) and engineering (assembly) to create their own snowfigure.

- Aluminum foil
- paper
- scissors
- glue
- recycled cloth or yarn

1. Cut aluminum foil into different sized squares.
2. Ask children to choose squares and crumple foil into ball shapes.
3. Invite children to stack their balls to create a snowman
4. Decorate the snowman with art materials.

Expand on this project by ask children to decorate their snowman with other materials.

Snowman Fruit Skewer

familyproject.com

Make and enjoy your own healthy snowman by combining fruit, vegetables and other treats together on a skewer.

- knife
- skewers
- bananas
- strawberries
- blueberries
- pretzel sticks
- matchstick carrots

Slice your bananas and place them on the skewer. Then decorate your snowman with your other ingredients.
