**TECH UPDATES**

- Starting Oct 23, we’re switching CAD software in 3D Modeling class. Learn the basics of Fusion 360, a cloud-based CAD tool.
- Headphones will now be checked out to your library card while in use in the Lab, just like laptops. Replacement cost for headphones is $15 and studio headphones is $55.

**WELCOME NEW LAB ASSISTANTS!**

Zamira Laurie is pursuing a Psychology degree at Century College. She has a background in studio photography, photo editing, coil jewelry, and puppet-making. This Fall, she will be in the Lab on Mondays, Wednesdays, and Fridays.

Jocelyn Yang is in her third year of Fashion Design at St. Kate's and has experience with sewing, pattern making, illustration, and Adobe products. She is in the Lab on Mondays and Saturdays. Drop-in for assistance during her Saturday Sewing Clinics starting November 3.

**RING RING**

*Call for 2019 workshop presenters!*  
We are looking for presenters to lead 90 minute hands-on activities for adults. Applications are now open.  
For Tinker Tuesdays @ Rice Street & Highland Park, apply here: tinyurl.com/ycmfp3xe.  
For Lab After Dark @ George Latimer, apply here: tinyurl.com/y822xspq.

*Call for Public Art at Rondo Library!*

**Deadline: October 29, 2018**  
Rondo Community Library is seeking an artist/artist team who lives, works, or is connected to the Rondo/Frogtown neighborhoods to create and install a large, permanent public artwork on the exterior of the library. RFQs accepted now at: ArtAtRondo.com

**GROWN-UP KIDSTUFF**

Need a last-minute costume? Drop-in for costume making on Monday, Oct 29, 5:30-7:30 pm. You bring the ideas, we bring the supplies!

**Take a trip down memory lane and enjoy the library like you did as a kid!**

In our new Grown-Up Kidstuff series, kids and kids-at-heart are invited to make crafts by the fire, watch favorite storybook characters on 16mm film, and take in a play in the historic puppet theater. See full schedule here: tinyurl.com/yaugxm58
MEET YOUR MEMBERS: AN INTERVIEW WITH ALICIA MURRAY

Describe Yourself in 1 Sentence or Less:
I am someone who is inspired by love, peace, and light.

What projects are you working on or have you recently completed?
I have established my ministry, Widows and Orphans International Ministries and want to build a learning center called God’s Beautiful Models (learn more here: tinyurl.com/y8ec36gw).

"God Heals America" is my current project- to bring peace and love to America. It is a revival project. I have been recording several songs and hope to finish recording and editing before the end of the month.

What has the Innovation Lab enabled you to do?
The library has been a real help to me, otherwise, I don’t know where I would have worked on my project. Libraries have been very supportive of me- all the staff! I moved to Saint Paul to complete this project when someone told me about it at the Minneapolis Central library (where I learned to copyright my lyrics).

What is your advice for other members?
Stop at the library first, before you go anywhere else. Talk to staff. I see changes when I suggest things to improve.

CALENDAR
