INTRODUCTORY SECTION

This page intentionally left blank

December 14, 2018

To the Board of Trustees and the Citizens of the City of Las Vegas and Clark County, Nevada:

Nevada Revised Statutes (NRS) 354.624(6) require the Las Vegas-Clark County Library District (the District) to submit, within six months of the close of each fiscal year, a “complete set” of financial statements presented in accordance with accounting principles generally accepted in the United States and audited by a firm of independent certified public accountants in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Pursuant to that requirement, the Comprehensive Annual Financial Report for the District as of and for the year ended June 30, 2018, is hereby submitted.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all information presented in this report. To provide a reasonable basis for making these representations, District management has established a comprehensive internal control framework that is designed, among other things, both to protect the District's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with accounting principles generally accepted in the United States. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the District's financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this Comprehensive Annual Financial Report is complete and reliable in all material respects.

The District's basic financial statements were audited by Piercy Bowler Taylor & Kern, Certified Public Accountants & Business Advisors. The goal of the independent audit was to provide reasonable assurance that the basic financial statements of the District as of and for the year ended June 30, 2018, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the District's basic financial statements as of and for the year ended June 30, 2018, are fairly presented in all material respects in conformity with accounting principles generally accepted in the United States. The Independent Auditors' Report on Financial Statements and Supplementary Information is presented as the first component of the financial section of this report. In addition, the Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* is presented as the last component of the financial section of this report.

Accounting principles generally accepted in the United States require that management provide a narrative introduction, overview, and analysis to accompany the financial statements in a specified form called Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

Profile of the District

The District was created in 1985 by the Nevada State Legislature to form a single taxing entity for the City of Las Vegas (the City) and the Clark County Library District. It replaced the Clark County Library District and has a contractual arrangement with the City to operate the City's libraries. The District serves all persons living in the 7,927 square miles of Clark County (the County) except for those living in the incorporated City of North Las Vegas and those living in areas served by the Henderson and Boulder City Library Districts.

The District is governed by a ten-member Board of Trustees (the Board), with five members appointed by the Clark County Board of Commissioners (the County Commission) and five appointed by the Las Vegas City Council (the City Council), all with staggered four-year terms of office and a two-term limit. There is no potential for the District to provide a financial benefit to, or impose a financial burden on, the City or the County. The Board is an independent policy body that is separate from the County Commission and the City Council. The Board appoints an Executive Director for the District and has exclusive policy and budget authority for the programs, activities and level of services provided by the District. The County serves in a ministerial capacity as the taxing authority, even though the District is fiscally independent of the County.

The District's Board may propose the issuance of general obligation bonds for the purpose of acquiring, constructing, or improving buildings and other real property to be used for District purposes or for purchasing books, materials, or equipment for newly constructed libraries. However, the Board cannot issue bonds or any other form of indebtedness unless a public hearing on the proposal is first held before the County Commission and the City Council. After such public hearing, the County Commission and the City Council may each adopt a resolution that supports or opposes in whole or in part the District's proposal and transmit the resolution to the Clark County Debt Management Commission for consideration. If the Clark County Debt Management Commission approves, the question of issuing the bonds must be submitted to the electorate of the District for a vote. If a majority of the electors voting on the question favors the proposal, the Board shall issue the bonds as general obligations of the District pursuant to the provisions of the Local Government Securities Law. Bonds issued for purchasing books, materials, or equipment for newly constructed libraries must be redeemed within five years after issuance, and bonds for construction must be redeemed within a maximum of 20 years.

The District adopts an annual budget, which serves as the foundation for financial planning and control. Prior to April 15, the District submits the tentative budget for the next fiscal year, commencing on July 1, to the Department of Taxation of the State of Nevada (the State). The City Council and the County Commission have the ability to reject the tentative budget prior to its submission to the State. The District is required to hold a public hearing on the proposed budget, conducted on the Thursday following the third Monday in May, and to adopt a final budget on or before June 1. The appropriate budget controls are required, by NRS, to be exercised at the function level. The Executive Director of the District is authorized to transfer budget amounts between functions within a fund. However, Board approval is required for all transfers between funds.

The District provides broadly decentralized services through large branch libraries rather than the traditional smaller branches. Fourteen urban libraries are distributed over an area of 436 square miles in the Las Vegas metropolitan area, including Meadows Library, an outreach branch located inside the Stupak Community Center. Eleven outlying libraries serve the vast area of the County, outside the metropolitan Las Vegas area, providing library service to largely rural towns and communities over an area of 7,491 square miles.

Factors Affecting Financial Condition

Local economy. Previous recessionary effects of the national economy were not as traumatic on Las Vegas as they were on other metropolitan areas until the "Great Recession" as it is now known. The State's economy, up until the Great Depression of 1929, relied solely on railroading, mining and ranching. To counter the effects of the Depression, the State Legislature passed legislation legalizing gambling in 1931. Today, the Las Vegas-Clark County metropolitan area enjoys a multi-faceted economy with industries that include professional services, transportation, construction, banking and finance, manufacturing, hospitality, sports, recreation, and gaming. While the resort and gaming

industries (tourism) remain the mainstay of the local economy, industrial parks, retirement communities, professional sports, distribution centers and light manufacturing provide a balance to the service intensity of the local economy.

During the Great Recession, the Las Vegas metropolitan area saw large layoffs due to drops in business income in its major local industries, which resulted in an unusually high rate of unemployment of 14%. Since the Great Recession, the unemployment rate decreased to 4.7%, down from 5.1% in June 2017. As a result of employment growth, the metropolitan area has seen a small increase in population.

Although housing prices continue to increase in the Las Vegas valley, sales have leveled amid rising interest rates and inventory. However, revenue from property taxes continued to increase during the fiscal year just ended, and is expected to increase again over the next several fiscal years.

The Las Vegas valley has also seen a steady month-over-month growth in sales tax revenues over the past year. Over the same period, tourism has shown to be resilient with more tourists visiting Las Vegas who are spending their leisure time on dining and entertainment.

Long-term financial planning. In an effort to maintain the sustainability of District operations, the District completes a five-year to a fifteen-year financial forecast annually to evaluate the impact of changing economic conditions, revenue and expenditure trends, and the impact of new proposed economic strategies. District management uses the forecasts to assist in negotiations with collective bargaining units, manage vacant positions, and evaluate possible strategies as the District strives to maintain fiscal integrity through sound financial policies.

As a result, the District will have to monitor closely the local economy regarding housing prices and sales, consumer spending, and the local travel and tourism industry. Based on the outcome of these factors, the District will make annual adjustments to its budgeted expenditures.

Other efforts of sustainability include maintaining a higher ending fund balance, higher than the healthy financial cushion of 5% to 10% ratio of the ending fund balance to the general fund expenditures. The implementation of the above-mentioned measures reflects the District's conservative and sound stewardship of resources during the past volatile economic period.

Collections for the District's secondary funding source (consolidated sales tax) have stabilized to levels between \$20 and \$22 million after years of double-digit percentage decreases due to slowdowns in spending by tourists and Las Vegas locals. Accordingly, the District will continue to adjust its operating expenditures to match revised revenue forecasts.

During April 2011, the District opened the new Windmill Library and Service Center to the public and staff. The construction of the Windmill Library and Service Center was secured through medium-term financing of \$50 million. At June 30, 2018, the outstanding combined principal and interest balance was \$7.6 million, payable over the next year with the final payment due in January 2019.

It is the District's policy that "one time" resource inflows not be used for operating purposes. Accordingly, the District normally maintains a general fund balance between 10% and 12% of operating expenditures. Any surplus exceeding this threshold may be transferred to the capital projects fund.

The District has established capital related programs in the capital projects fund to finance the acquisition, replacement or construction of major capital projects and facilities. This fund includes nine programs to accumulate available resources that will be appropriated in subsequent budget years. These programs are the Library Services Platform Replacement, Technology Replacements and Upgrades, Building Repair and Maintenance, Capital Construction, Library Materials, Vehicle Purchase and Replacement, Furniture Purchase and Replacement, Financial Services, and Community Engagement/Programming and Venues.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Las Vegas-Clark County Library District for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2017. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Preparation of this CAFR could not have been accomplished without the efforts and dedication of the staff of the Financial Services and Branding & Marketing Departments. A special thanks to the firm of Piercy Bowler Taylor & Kern, Certified Public Accountants & Business Advisors, for its timely and professional service to the District as its independent auditors.

We wish to commend the members of the District's Board of Trustees for their continued interest in conducting the financial operations of the District in a responsible and prudent manner.

Respectfully submitted,

Dr. Ronald R. Heezen

**INDEPENDENT AUDITORS' REPORT ON FINANCIAL
STATEMENTS AND SUPPLEMENTARY INFORMATION**

Board of Trustees
Las Vegas-Clark County Library District
Las Vegas, Nevada

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Las Vegas-Clark County Library District (the District) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

An audit performed in accordance with applicable professional standards is a process designed to obtain reasonable assurance about whether the District's basic financial statements are free from material misstatement. This process involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the basic financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the basic financial statements to enable the design of audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the basic financial statements.

Management's Responsibility for the Financial Statements. Management is responsible for the preparation and fair presentation of the basic financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility. Our responsibility is to express an opinion on the basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion. In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters. Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, postemployment benefits other than pensions, schedule of changes in

total OPEB liability, proportionate share of the collective net pension liability information, proportionate share of statutorily required pension contribution information and budgetary comparison information on pages 10-18 and 48-52 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information. Our audit was conducted for the purpose of forming our opinion on the financial statements that collectively comprise the District's basic financial statements. The introductory section, other supplementary information, as listed in the table of contents, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information as listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*. In accordance with *Government Auditing Standards*, we have also issued our report dated November 2, 2018, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Las Vegas, Nevada

November 2, 2018, except for the introductory and statistical sections as to which the date is December 14, 2018

MANAGEMENT'S DISCUSSION and ANALYSIS

This page intentionally left blank

As management of the Las Vegas-Clark County Library District (the District), we offer readers of the Annual Financial Report this narrative overview and analysis of the financial activities of the District as of and for the fiscal year ended June 30, 2018. We encourage readers to consider the information presented here in conjunction with additional information provided in our letter of transmittal.

Financial Highlights

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year by \$155,218,339 (net position). Of this amount, \$1,190,235 (unrestricted net position) may be used to meet the District's ongoing obligations to citizens and creditors.
- The District's total net position decreased by \$700,943 (0.4%). This decrease is primarily attributable to property tax and intergovernmental revenue increases, which were offset by higher personnel costs and capital outlays in the current year. The District expects to experience net position increases in future years partially as a result of improving tax revenues and the District continuing its conservative spending practices, which are designed to provide fiscal stability, but not to adversely affect the provision of library services.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$71,336,614, an increase of \$5,957,625 (9%) from the prior year. Approximately 21% of the total fund balance (\$15,168,032) is available for spending at the District's discretion (unassigned fund balance).
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$15,168,032, 26% of total general fund expenditures.
- The District's general obligation debt increased by \$19,370,000 as a result of incurring new debt obligations totaling \$26,290,000 to finance the construction of the East Las Vegas and Mesquite library facilities, which was offset by scheduled debt principal payments totaling \$6,920,000.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change

occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (*e.g.*, uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements present the governmental activities of the District, which are principally supported by property taxes and intergovernmental revenues.

The government-wide financial statements can be found in the "Basic Financial Statements" section of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain accounting control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are categorized as governmental funds. The District does not currently maintain any proprietary or fiduciary funds.

Governmental funds. Governmental funds are used essentially to account for the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at fiscal year end. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of fund financial statements is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the balance sheet and the statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains nine governmental funds. Information is presented separately in the balance sheet and in the statement of revenues, expenditures, and changes in fund balances for the general, special revenue, debt service, and capital projects funds, all of which are considered to be major funds. Data from the remaining three non-major governmental funds is combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The fund financial statements can be found in the "Basic Financial Statements" section of this report.

Notes to basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to basic financial statements can be found in the "Basic Financial Statements" section of this report.

Required supplementary information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. The District adopts an annual appropriated budget for its general fund and a budgetary comparison schedule has been provided to demonstrate the District's compliance with this budget. This section also includes certain information related to the District's net pension liability and other postemployment benefit obligations.

Las Vegas-Clark County Library District
Management's Discussion and Analysis (continued)
For the Fiscal Year Ended June 30, 2018

The required supplementary information can be found immediately following the notes to the basic financial statements in this report.

Other supplementary information. The combining statements referred to earlier in connection with the three non-major governmental funds are presented immediately following the required supplementary information.

The combining statements and individual fund schedules can be found immediately following the required supplementary information in this report.

Government-wide Financial Analysis

As previously noted, net position may serve as a useful indicator over time of a government's financial condition. In the case of the District, at the close of the most recent fiscal year, assets exceeded liabilities by \$155,218,339.

By far, the largest portion of the District's net position (93%) is its investment in capital assets (land, buildings, improvements, library media materials, and furniture, and equipment), less any related debt used to acquire these assets, which are used to provide services to citizens; consequently, these assets are not available for future expenditures. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Las Vegas-Clark County Library District Net Position

	June 30,	
	2018	2017 (Restated)
Capital assets	\$ 164,923,622	\$ 151,466,856
Other assets	79,426,265	70,699,270
	244,349,887	222,054,258
Deferred outflows of resources	7,377,111	8,548,431
Long-term liabilities outstanding	77,395,845	58,763,283
Other liabilities	16,124,671	12,951,567
	93,520,516	75,504,204
Deferred inflows of resources	2,988,143	3,080,425
Net position:		
Net investment in capital assets	143,991,244	137,171,586
Restricted	10,036,860	417,594
Unrestricted	1,190,235	18,330,102
	\$ 155,218,339	\$ 155,919,282

Resources that are subject to external restrictions on how they may be used represent an additional portion of the District's net position (6.5%). The remaining balance of unrestricted net position (\$1,190,235) may be used to meet the District's ongoing obligations.

Las Vegas-Clark County Library District
Management's Discussion and Analysis (continued)
For the Fiscal Year Ended June 30, 2018

At the current fiscal year end, the District has positive balances in all three categories of net position. The same situation was true for the prior fiscal year.

There was an increase of \$6,819,658 (4.9%) in net investment in capital assets. This increase resulted from normal business operations and construction of the new East Las Vegas and Mesquite library facilities, net of new capital debt obligations. See the discussion on capital assets for further explanations.

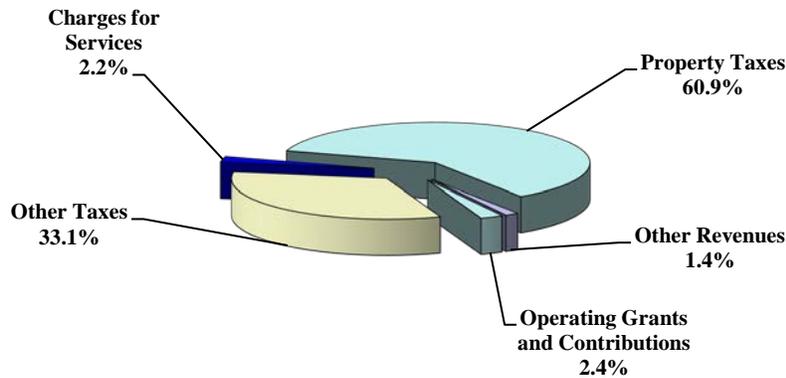

Governmental activities. Governmental activities decreased the District's net position by \$700,943 (0.4%). Key elements of this increase are as follows:

Las Vegas-Clark County Library District Changes in Net Position

	Year Ended June 30,	
	2018	2017 (Restated)
Revenues:		
Program revenues:		
Charges for services	\$ 1,447,893	\$ 1,798,891
Operating grants and contributions	1,559,827	1,685,940
General revenues:		
Property taxes	40,516,887	38,694,173
Intergovernmental consolidated taxes	22,010,620	21,019,709
Other	920,893	796,592
	66,456,120	63,995,305
Expenses:		
Culture and recreation	66,465,502	62,526,548
Long-term debt interest	691,561	742,550
	67,157,063	63,269,098
Change in net position	(700,943)	726,207
Net position, beginning of year, as previously reported	160,758,133	159,634,788
Adjustment	(4,838,851)	(4,441,713)
Net position, beginning of year, as adjusted	155,919,282	155,193,075
Net position, end of year	\$ 155,218,339	\$ 155,919,282

- Property taxes increased \$1,822,714 (5%) while intergovernmental consolidated taxes increased \$990,911 (5%). The increase in property taxes in Southern Nevada is primarily due to recovering property values and the effect of a statutory limit on the increase of property taxes in any single year. The increase in intergovernmental consolidated taxes is due to increased consumer spending (tourist and local).
- Culture and recreation expenses increased \$3,938,954 (6.7%). This change can be primarily attributed to increased costs incurred by the District's new component units.
- Interest expense relative to long-term debt decreased \$50,989 (7%) primarily due to decreasing interest as old debt approach retirement, which was offset somewhat due to the new capital debt incurred during the year.

Revenues by Source

Expenses and Program Revenues

Financial Analysis of the District’s Funds

As noted earlier, the District uses fund accounting to better ensure and demonstrate compliance with finance-related legal requirements.

The focus of the District’s governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the District’s financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District’s net resources available for spending at fiscal year end.

At June 30, 2018, the District's governmental funds reported combined ending fund balances of \$71,336,614, an increase of \$5,957,625 (9%) from the prior year. Approximately 21% of the total fund balance (\$15,168,032) constitutes unassigned fund balance, which is available for spending at the District's discretion. The remainder of the combined ending fund balances is not available for spending because it has already been restricted or assigned to 1) pay debt service (\$8,762,682), 2) the acquisition, construction or improvement of capital assets (\$25,571,148), 3) grant and other programs (\$3,843,152), or 4) generate income to pay for the purchase of library media materials (\$10,000).

The general fund is the chief operating fund of the District. At June 30, 2018, the fund balance of the general fund was \$15,168,032. As a measure of the general fund's liquidity, it may be useful to compare fund balance to total fund expenditures. Unassigned fund balance represents 26% of total general fund expenditures.

The fund balance of the District's general fund decreased by \$905,756 (6%) during the current fiscal year. The change in fund balance is primarily due to increases in property taxes and intergovernmental consolidated taxes, offset by transfers to other funds.

The Las Vegas-Clark County Library District Foundation fund has an ending fund balance of \$21,235,745, primarily due to the receipt of one-time contributions totaling \$21,548,012.

The QALICB fund has an ending fund balance of \$9,437,853, primarily as a result of debt issuance proceeds totaling \$26,290,000 that was offset by capital outlay and other expenditures totaling \$16,940,293.

The debt service fund has a total fund balance of \$8,150,495, all of which is assigned for the payment of debt service. The net decrease in fund balance during the current year in the debt service fund was \$7,535,693 (48%) from the prior year, due to normal debt interest and principal payments.

The capital projects fund has a total fund balance of \$16,745,482. The net decrease in fund balance during the current year in the capital projects fund was \$16,157,741 (49%) from the prior year. The primary reason for the decrease was contributions to the Las Vegas-Clark County Library District Foundation fund to finance capital outlays for construction in the QALICB fund.

The aggregate non-major funds have a combined total fund balance of \$599,007. The net increase in fund balance during the current year in the aggregate non-major funds was \$181,413 (43%) from the prior year, primarily due to increased contributions in the gift fund.

General Fund Budgetary Highlights

During the year, revenues were less than the final budgetary estimate by \$5,707,080 (8%) primarily due to expected miscellaneous revenues not realized. Expenditures were less than the final budgetary estimate by \$7,683,536 (12%), primarily due to the District's conservative spending practices. All functions were within appropriation authority. Actual ending fund balance was \$15,168,032 (133%) more than the final budgetary estimate.

Additional information on the District's general fund budget can be found in the required supplementary information immediately following the notes to the basic financial statements in this report.

Capital Asset and Debt Administration

Capital assets. The District’s investment in capital assets as of June 30, 2018, amounts to \$164,923,622 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, library media materials, and furniture and equipment. The net increase in the District’s investment in capital assets for the current fiscal year was \$13,456,766 (9%).

Major capital asset events during the current fiscal year included the following:

- Construction in progress additions were added at a cost of \$7,137,293 for the construction of the new East Las Vegas library facilities.
- Building additions were purchased at a cost of \$8,501,863 for the construction of the new Mesquite library facilities.
- The District purchased library media materials, at a cost of \$9,275,270, an increase of \$505,968 from the prior fiscal year purchases.
- Furniture and equipment additions were purchased at a cost of \$387,556.
- Depreciation expense for the fiscal year was \$10,707,974.

Capital assets at year end were as follows:

Las Vegas-Clark County Library District Capital Assets (net of accumulated depreciation)		
	June 30,	
	<u>2018</u>	<u>2017</u> (Restated)
Land	\$ 5,706,578	\$ 5,706,578
Construction in progress	8,757,894	2,812,977
Buildings	93,474,170	87,506,685
Improvements	268,657	317,063
Library media materials	53,950,567	51,489,787
Furniture and equipment	<u>2,765,756</u>	<u>3,633,766</u>
	<u>\$ 164,923,622</u>	<u>\$ 151,466,856</u>

Additional information on the District’s capital assets can be found in Notes 1 and 3 to the basic financial statements in this report.

Las Vegas-Clark County Library District

Management’s Discussion and Analysis (continued)
For the Fiscal Year Ended June 30, 2018

Long-term debt. At June 30, 2018, the District had total bonded debt outstanding of \$33,555,000, all of which is backed by the full faith and credit of the District.

Las Vegas-Clark County Library District Outstanding Debt
General Obligation Bonds

	June 30,	
	<u>2018</u>	<u>2017</u>
Bond issue series 2009	\$ 7,265,000	\$ 14,185,000
LVCIC QLICI – Loan A	11,335,600	
LVCIC QLICI – Loan B	5,154,400	
Clearinghouse QLICI – Loan A	6,646,000	
Clearinghouse QLICI – Loan B	<u>3,154,000</u>	<u> </u>
	<u>\$ 33,555,000</u>	<u>\$ 14,185,000</u>

The District’s total long-term debt increased by \$19,370,000 as a result of incurring new debt obligations totaling \$26,290,000 to finance the construction of the East Las Vegas and Mesquite library facilities, which was offset by scheduled debt principal payments totaling \$6,920,000. All of the District’s general obligation bonds were issued with AAA and AA ratings.

State statutes limit the amount of general obligation debt the District may issue to 10% of its total assessed valuation. The current debt limitation for the District is \$5,949,351,949, which is significantly in excess of the District’s outstanding general obligation debt.

Additional information on the District’s long-term debt can be found in Notes 1 and 3 to the basic financial statements in this report.

Economic Factors and Next Year’s Budgets and Rates

- The unemployment rate for Clark County is currently 4.7%, which is a decrease from a rate of 5.1% a year ago. The United States national average unemployment rate is 4.2% and the State of Nevada’s average unemployment rate is 4.5%.
- Inflationary trends in the District are comparable to the United States national indices.
- Businesses, within Clark County, reported taxable sales of \$3.8 billion, exceeding sales of \$3.6 billion reported in the previous year.
- Gaming establishments, within Clark County, reported gaming revenues of \$790.9 million compared to \$764.3 million reported in the prior fiscal year.

All of these factors were considered in preparing the District’s budget for the 2019 fiscal year.

The unassigned fund balance (actual) in the general fund decreased 6% to \$15,168,032 from the prior year. This amount is \$8,666,271 higher than the final budgeted ending fund balance for the 2018 fiscal year.

Requests for Information

The accompanying financial report is designed to provide a general overview of the District's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the District's Financial Services department, 7060 West Windmill Lane, Las Vegas, Nevada 89113.

Las Vegas-Clark County Library District

**Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances
to the Statement of Activities
For the Fiscal Year Ended June 30, 2018**

Net change in fund balances \$ 5,957,625

Amounts reported in the statement of activities are different because:

Governmental funds report capital outlays as expenditures.

However, in the statement of activities, the cost of capital assets is capitalized and depreciated over their estimated useful lives:

Expenditures for capital assets	\$ 25,372,946	
Proceeds from sale of capital assets	(1,034,254)	
Contributed capital assets	(61,681)	
Loss on disposal of capital assets	(112,269)	
Current year depreciation	<u>(10,707,975)</u>	13,456,767

Revenues in the statement of activities, which do not provide current financial resources are not reported as revenues in governmental funds:

Change in unavailable revenue, interest income	63,605	
Change in unavailable revenue, property taxes	<u>(67,183)</u>	(3,578)

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases liabilities in the statement of net position. Repayment of bond principal is an expenditure in governmental funds, but the repayment reduces liabilities in the statement of net position. This is the amount by which repayments exceeded bonds issued:

Change in accrued interest	56,735	
Issuance of debt	(26,290,000)	
Principal payments	<u>6,920,000</u>	(19,313,265)

Some expenditures reported in governmental funds benefit future periods; and therefore, are not reported in the statement of activities:

Change in inventories and prepaid items		15,701
---	--	--------

Some expenses reported in the statement of activities do not require the use of current financial resources; and therefore, are not reported as expenditures in governmental funds:

Current year amortization of bond premiums	82,023	
Change in long-term compensated absences	(446,619)	
Change in obligation for postemployment benefits other than pensions	164,185	
Change in net pension liability and related deferred outflows and inflows of resources	<u>(613,782)</u>	<u>(814,193)</u>

Change in net position \$ (700,943)

NOTES TO BASIC FINANCIAL STATEMENTS

Note 1. Summary of Significant Accounting Policies

The Reporting Entity

The Las Vegas-Clark County Library District (the District) was established in 1985 under the provisions of Chapter 379 of the Nevada Revised Statutes (NRS) and serves all persons living in Clark County, Nevada (the County), except for those living in the incorporated area of North Las Vegas and the library districts of Henderson and Boulder City, Nevada. The District is governed by a Board of Trustees (the Board), which consists of ten members, five appointed by the Board of County Commissioners and five appointed by the Las Vegas City Council, all of whom have staggered terms of office and may be removed for cause at any time. The accompanying basic financial statements present the financial position of the District and its blended component units for which the District is considered to be financially accountable. Blended component units, although legally separate entities, are in substance, part of the District's operations.

Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended by Statement No. 39, *Determining Whether Certain Organizations are Component Units*, Statement No. 61, *The Financial Reporting Entity: Omnibus* and Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*, defines the reporting entity as the primary government and those component units for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority of the organization's governing board and either the ability of the primary government to impose its will on the organization or the possibility that the organization will provide a financial benefit to or impose a financial burden on the primary government. In addition to financial accountability, component units can be other organizations in which the economic resources received or held by that organization are entirely or almost entirely for the direct benefit of the primary government, the primary government is entitled to or has the ability to otherwise access a majority of the economic resources received or held by that organization and the resources to which the primary government is entitled or has the ability to otherwise access are significant to the primary government.

The District has complied with GASB Statement Nos. 14, 39, 61, and 80 by examining its position relative to the County and the City of Las Vegas (the City) and determined that there are no requirements that would cause the basic financial statements of the District to be included in either of the entities' comprehensive annual financial reports (CAFR). The financial information of the component units, discussed below, is blended with the District's financial information and presented in the District's financial reports because of the significance of their operations and financial relationship with the District, District management has operational (accounting) responsibility for these entities or because the District's Board appoints a voting majority of the component unit's governing body.

Blended Component Units

The Las Vegas-Clark County Library District Foundation, Inc. (the Foundation), a Nevada Non-Profit Corporation, was formed in 2002 for the exclusive purpose of providing aid, support, and assistance in the promotion, growth, and improvement of the District. During the year ended June 30, 2018, the Foundation entered into several transactions in order to make additional funds available to it through the New Markets Tax Credit (NMTC) Program. The NMTC Program permits taxpayers to claim, over a seven-year period, a credit against federal income taxes for Qualified Equity Investments (QEIs) in designated Community Development Entities (CDEs). These designated CDEs must use substantially all of the proceeds to make Qualified Low-Income Community Investments (QLICIs).

The East Las Vegas QALICB, Inc. (ELV) and the Mesquite QALICB, Inc. (MQ) were formed as Nevada Non-Profit Corporations on June 28, 2017 and October 12, 2017, respectively, for the exclusive benefit of the District. The

purpose of ELV and MQ is to hold title to property, complete construction of the East Las Vegas and Mesquite libraries, and lease said property and buildings to the District. ELV and MQ are operated in such a way that they both qualify as a Qualified Active Low-Income Community Business (QALICB) under the definition of the NMTC Program and Internal Revenue Code (IRC) §45(d).

The Foundation, ELV, and MQ each prepare separate stand-alone financial statements that can be obtained from the District's Financial Services Department, 7060 West Windmill Lane, Las Vegas, Nevada, 89113.

Basic Financial Statements

The government-wide financial statements include a statement of net position and a statement of activities and present consolidated information for the District's activities, which are comprised solely of governmental activities, accounted for in governmental fund types. The District does not currently maintain any proprietary or fiduciary fund types. The effect of interfund activity has been removed from these statements.

Included in the statement of net position are capital assets and long-term liabilities including general obligation bonds, employee benefit and pension obligations, and compensated absences. Net position is classified as 1) net investment in capital assets, 2) restricted, or 3) unrestricted.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions, which are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other revenues not restricted for use by a particular function or segment are reported as general revenues.

Separate fund financial statements are provided with each major individual governmental fund reported in a separate column. Fund financial statements include a balance sheet and a statement of revenues, expenditures, and changes in fund balances. Schedules are presented to reconcile fund balances presented in the fund financial statements to net position presented in the government-wide financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-wide Financial Statements

The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund Financial Statements

The fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the current fiscal year end. The primary revenue sources, which have been treated as susceptible to accrual by the District, are property taxes, intergovernmental consolidated taxes, grants,

and interest. All other revenue sources are considered to be measurable and available only when cash is received by the District. Expenditures generally are recorded when the liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, obligations for pensions and other postemployment benefits, and claims and judgments are recorded only when payment is due.

The District classifies and reports the following as major governmental funds:

General Fund – The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Las Vegas-Clark County Library District Foundation Fund – This special revenue fund is used to account for charitable and educational purposes to aid, support, and assist the promotion, growth, and improvement of the Las Vegas-Clark County Library District.

QALICB Fund – This special revenue fund is used to account for the acquisition and leasing of real or personal property and is subject to certain restrictions and limitations for use in furtherance of the charitable purposes of the Las Vegas-Clark County Library District.

Debt Service Fund – The debt service fund is used to account for the accumulation of resources for and the payment of general long-term debt principal, interest and related costs.

Capital Projects Fund – The capital projects fund is used to account for financial resources to be used for the improvement, acquisition or construction of major capital assets.

Additionally, the District reports the following non-major governmental fund types:

Special Revenue Funds – The special revenue funds are used to account for the proceeds of specific revenue sources that are legally or otherwise restricted to expenditures for specific purposes (other than capital projects and debt service).

Permanent Fund – The permanent fund accounts for financial resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the District's programs. Pursuant to the trust agreement, the earnings of this fund are restricted for the purchase of library media materials.

The District has no nongovernmental fund types.

Assets, Liabilities, and Net Position or Fund Balance

Deposits and Investments

The District's cash equivalents are considered to be short-term investments with original maturities of three months or less from the date of acquisition.

Investments are stated at fair value regardless of the length of time remaining to maturity.

Receivables, Payables, and Transfers

During the course of operations, individual funds engage in numerous transactions with one another for goods provided or services rendered. The resulting payables and receivables that are outstanding at year end are reported as due to/from other funds. Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

Upon the certification of tax rates by the State of Nevada (the State) Tax Commission, the County Commission levies the tax rate for the fiscal period beginning with the succeeding July 1. Effective upon the tax levy on July 1 each year, a perpetual lien is recorded against the property assessed until the tax and any penalty charges and interest, which may accrue thereon, are paid. The County Assessor assesses all real and personal property and the County Treasurer bills and collects the District's share of property taxes. Real property taxes are due on the third Monday in August of each year and may be paid in quarterly installments on or before the third Monday in August and first Mondays in October, January and March. In the event of nonpayment, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties and costs, together with interest from the date the taxes were due until paid. If delinquent taxes are not paid within the two-year redemption period, the County Treasurer obtains a deed to the property free of all encumbrances. Upon receipt of a deed, the County Treasurer may sell the property to satisfy the tax lien. The County Treasurer remits on a monthly basis current and delinquent property tax collections to the District.

Property taxes receivable that are not expected to be collected within 60 days of year end are classified as unavailable revenue in the fund financial statements, rather than current revenue, since the asset is not available to satisfy current obligations. Unearned revenues arise when the District receives resources before it has a legal claim to them as when property taxes for the following tax year are received before year end. Other receivables are shown net of an allowance for uncollectible amounts.

Restricted Assets

Financial resources that are legally restricted to pay debt service, finance construction projects, or to the extent that only earnings, and not principal, may be used are reported as restricted assets in both the government-wide and fund financial statements.

Prepaid Items and Inventory

Certain payments to vendors reflect costs applicable to future periods and are recorded as expenditures in the fund financial statements and as prepaid items in the government-wide financial statements. In the fund financial statements, prepaid items are recorded as expenditures when purchased rather than when consumed.

Inventory comprised solely of books and other donated library materials is reported at estimated market value. In the governmental fund financial statements, inventory is recorded as expenditures when purchased rather than when consumed and is included in other assets in the entity-wide financial statements.

Notes Receivable

Notes receivables are due to the Foundation as result of transactions related to the NMTC Program. The first note in the face amount of \$11,335,600, bears interest at 1.0% per annum, is payable in annual interest only payments through July 26, 2024, and annual principal and interest payments thereafter through July 25, 2045. The second note in the

face amount of \$6,646,000, bears interest at 1.474424% per annum, is payable in quarterly interest only payments through September 15, 2024, and quarterly principal and interest payments thereafter through December 19, 2043.

Capital Assets

Capital assets are reported only in the government-wide financial statements. These assets include land, buildings, library media materials, furniture and equipment, and construction in progress. All purchased capital assets are valued at cost where historical records are available and, where no historical records exist, at estimated historical cost. Donated capital assets are valued at their estimated acquisition value on the date received. The District has a capitalization threshold of \$5,000.

The cost of normal maintenance and repairs that do not significantly increase the functionality of the assets or materially extend the assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as the projects are constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and improvements	5-50
Library media materials	5
Furniture and equipment	5-20

Compensated Absences

It is the District's policy to permit employees to accumulate earned vacation and sick leave benefits that would be paid to them upon separation from District service if not previously taken. Accrued vacation and sick leave are reported in the government-wide financial statements. A liability for compensated absences is reported in the fund financial statements only to the extent that payment is due, for example, as a result of employee resignations and retirements prior to year end. Expenditures for compensated absences are recognized by the applicable fund when paid.

Deferred Compensation Plan

The District offers its employees a deferred compensation plan (the Plan) created in accordance with Internal Revenue Code Section 457. The Plan, available to all District employees, permits participants to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or an unforeseeable emergency.

The Plan assets are held in trust outside the control of the District. Since the assets, liabilities, and income of the Plan are not considered those of the District and are not subject to the claims of the District's general creditors, they are not reported in the government-wide or fund financial statements.

Multiple-Employer Cost-Sharing Defined Benefit Pension Plan

The District uses the same basis used in the Public Employees' Retirement System of Nevada's (PERS) Comprehensive Annual Financial Report, for reporting its proportionate share of the PERS collective net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, including information related to PERS fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized by PERS when due and payable in accordance with the benefit terms. PERS investments are reported at fair value.

Deferred Inflows and Outflows of Resources

Deferred outflows of resources, represents a consumption of net position or fund balance that applies to future periods; and therefore, will not be recognized as an outflow of resources (expense/expenditure) until then. The government-wide statement of net position reports 1) the changes in proportion and differences between actual contributions and proportionate share of contributions related to pensions, which will be amortized over the average expected remaining service life of all employees that are provided with pension benefits, 2) the net difference between projected and actual earnings on investments, which will be amortized over five years, and 3) contributions made subsequent to the measurement date, which will be recognized in the subsequent year.

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The governmental funds balance sheet reports unavailable property tax revenues, which will be recognized as revenue in the period that the amounts become available. The government-wide statement of net position reports 1) the differences between expected and actual experience and changes of assumptions, which will be amortized over the average expected remaining service life of all employees that are provided with pension benefits, and 2) the net difference between projected and actual earnings on investments, which will be amortized over five years.

Long-term Obligations

In the government-wide financial statements, long-term obligations are reported as liabilities, net of unamortized bond premiums in the statement of net position. Bond premiums are deferred and amortized over the life of the related bonds using the effective interest method.

In the fund financial statements, bond premiums and issuance costs are recognized during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Balance

Governmental fund balances are classified and reported as follows:

- Nonspendable fund balances include items that cannot be spent. This includes amounts that are not in a spendable form (for example, inventories and prepaid items), and amounts that are legally or contractually required to remain intact, such as a permanent fund principal balance.
- Restricted fund balances have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.
- Committed fund balances can be used only for specific purposes pursuant to constraints imposed by formal action (resolution) of the Board, the District's highest level of decision-making authority. These constraints remain binding unless removed or changed in the same manner used to create the constraints.
- Assigned fund balance includes amounts that are constrained by the District's intent to be used for a specific purpose, but are neither restricted nor committed. Such intent is expressed by the Board or appropriately authorized officials. The District's Chief Financial Officer has been authorized by the Board in the budget approval process to make all fund balance assignments. Constraints imposed on the use of assigned fund balances can be removed or changed without formal Board action. For governmental funds, other than the

general fund, this is the classification for residual amounts that are not restricted, committed, or nonspendable.

- Unassigned fund balance is the classification used by the general fund for residual amounts not included in the four categories described above. The general fund is the only fund that reports a positive unassigned fund balance.

Prioritization and Use of Available Resources

When both restricted resources and other resources (*i.e.*, committed, assigned, and unassigned) can be used for the same purposes, it is the District's policy to use restricted resources first. Furthermore, when committed, assigned, and unassigned resources can be used for the same purpose, it is the District's policy to use committed resources first, assigned second, and unassigned last.

Note 2. Stewardship, Compliance and Accountability

Budgetary Information

The District adopts annual budgets for all funds except for the permanent, Foundation, and QALICB funds, which are not budgeted. All budget augmentations made during the current year were as prescribed by law. All budgets are adopted on a basis consistent with accounting principles generally accepted in the United States and used by the District for financial reporting.

The District uses the following procedures to establish, modify, and control budgetary data:

1. Prior to April 15, the District submits the tentative budget for the next fiscal year, commencing on July 1, to the State Department of Taxation. The Las Vegas City Council and the Board of County Commissioners have the ability to reject the tentative budget prior to its submission to the State. The budget, as submitted, contains the proposed expenditures and the means of financing them.
2. The State Department of Taxation notifies the District of its acceptance of the tentative budget.
3. Public hearings are conducted on the Thursday after the third Monday in May.
4. After all changes have been noted and the hearings closed, the District's Board adopts the budget on or before June 1.
5. Augmentations of the budget are accomplished through formal Board action.
6. The NRS require budget controls to be exercised at the function level. The Executive Director of the District is authorized to transfer budget amounts between functions within a fund. However, the Board's approval is required for all transfers between funds.
7. The District cannot expend any money, incur any liability, or enter into any contract, which by its terms involves the expenditure of money in excess of the amount appropriated for a given function, except for bond payments, short-term financing payments, and any other long-term contracts expressly authorized by law.

8. All unencumbered appropriations lapse at the fiscal year end, except for amounts appropriated for specific capital projects or Federal and State grant expenditures.

New Accounting Pronouncements

In August 2018, the GASB issued Statement No. 90, *Majority Equity Interest—An Amendment of GASB Statements No. 14 and No. 61*, effective for periods beginning after December 15, 2018. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. Management has completed its assessment of this statement and determined that it will not have a material effect on financial position or changes therein.

In June 2018, the GASB issued Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*, effective for periods beginning after December 15, 2019. The objective of this Statement is to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. Management has not yet completed its assessment of this statement and determined that it will not have a material effect on financial position or changes therein.

In April 2018, the GASB issued Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements*, effective for periods beginning after June 15, 2018. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. Management has not yet completed its assessment of this statement.

In June 2017, the GASB issued Statement No. 87, *Leases*, effective for periods beginning after December 15, 2019. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognition of deferred inflows or outflows of resources based on the payment provisions of the contract. Management has not yet completed its assessment of this statement.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, effective for periods beginning after December 15, 2018. This statement provides guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. Management has not yet completed its assessment of this statement and determined that it will not have a material effect on financial position or changes therein.

In November 2016, the GASB issued Statement No. 83, *Certain Asset Retirement Obligations*, effective for periods beginning after June 15, 2018. This statement addresses accounting and financial reporting for certain asset retirement obligations. Management has completed its assessment of this statement and determined that it will not have a material effect on financial position or changes therein.

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*, effective for periods beginning after December 15, 2018. This statement addresses the accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. Management has completed its assessment of this statement and determined that it will not have a material effect on financial position or changes therein.

Tax Abatements

All tax abatement agreements/programs, entered into by the State of Nevada, have been summarized, by type of agreement/program and the gross, accrual basis reduction of the District's taxes for the year ended June 30, 2018 aggregated as follows:

Agreement/program description	Nevada Revised Statutes 360.753 - Partial abatement of certain taxes imposed on aircraft, components of aircraft and other personal property used for certain purposes related to aircraft
Amount abated during the current year	\$5,617
Specific tax being abated	Personal property taxes and/or sales and use taxes
Agreement/program description	NRS 360.754 - Partial abatement of certain taxes imposed on new or expanded data center
Amount abated during the current year	\$71,007
Specific tax being abated	Property taxes and/or sales and use taxes
Agreement/program description	NRS 701A - Energy-related tax incentives (NRS 701A.110 Partial abatement of certain property taxes for buildings or structures that meet certain standards under Green Building Rating System, NRS 701A.200 Exemption from certain property taxes for qualified energy systems, NRS 701A.210 Partial abatement of certain property taxes for businesses and facilities using recycled material)
Amount abated during the current year	\$8,666
Specific tax being abated	Property taxes and/or sales and use taxes
Agreement/program description	NRS 374.357 - Abatement for eligible machinery or equipment used by certain new or expanded businesses
Amount abated during the current year	\$47,576
Specific tax being abated	Sales and use taxes

Prior Period Adjustments

Fund balance or net position as of July 1, 2017, has been retroactively adjusted as follows:

	Las Vegas-Clark County Library District Foundation Fund	Governmental Activities
Net position or fund balance, as previously reported	\$ _____	\$ 160,758,133
Adjustments:		
Adjust for the effect of including the Las Vegas-Clark County Library District Foundation as a blended component unit	298,196	387,037
Adjust net OPEB liability for the effect of adopting GASB Statement No. 75		(1,934,666)
Adjust net pension liability and related deferred outflows and inflows of resources for the effect of adopting GASB Statement No. 82, not recognized in the prior year		(3,901,222)
Adjust for the effect of donated capital assets received in a prior year	_____	610,000
Total adjustments	<u>298,196</u>	<u>(4,838,851)</u>
Net position or fund balance, as adjusted	<u>\$ 298,196</u>	<u>\$ 155,919,282</u>

Note 3. Detailed Notes on all Funds

Deposits and Investments

The District has a formal investment policy that is designed to ensure conformity with the NRS and to limit exposure to investment risks as described in the following paragraphs.

Allowable District investments include obligations of the U.S. Treasury and U.S. agencies, not to exceed ten years maturity; negotiable notes or short-term negotiable bonds issued by other local governments of the State; bankers' acceptances eligible for rediscount with Federal Reserve Banks, not to exceed 180 days maturity and 20% of total investments; commercial paper having an "A-1" rating or equivalent, not to exceed 270 days maturity and 20% of total investments; and money market mutual funds invested only in federal government agency securities with an "AAA" rating or equivalent or in repurchase agreements fully collateralized by such securities.

When investing monies, the District is required to comply with the NRS. District monies must be deposited with federally insured banks. The District is authorized to use demand accounts, time accounts, and certificates of deposit. The NRS do not specifically require collateral for demand deposits, but do specify that collateral for time deposits may be of the same type as those described for permissible State investments. Permissible State investments are similar to allowable District investments, described above, except that some State investments are for longer terms and include securities issued by municipalities outside of the State.

The District has a written custodial tri-party collateral agreement with a Bank's Trust Department for demand deposits and certificates of deposit. The custodial agreement pledges securities totaling 102% of the District's deposits.

At year end, the District's carrying amount of deposits was \$36,953,428, and the bank balance was \$36,373,133. The Federal Depository Insurance Corporation (FDIC) covered \$250,000 of the bank balance at fiscal year end. However, the District's bank balance is collateralized with securities held by the pledging bank's trust department or agent in the District's name up to 102% of the average bank balance in excess of the FDIC limit. The District often carries cash and cash equivalents on deposit with financial institutions in excess of federally-insured limits, and the risk of losses related to such concentrations, as a result of continuing economic instability, is not subject to estimation at this time.

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. In accordance with the District's investment policy, one of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of short-term and long-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

GASB Statement No. 72, *Fair Value Measurement and Application*, defines fair value, establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

- Level 1. Inputs are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2. Inputs are other observable inputs.
- Level 3. Inputs are unobservable.

Las Vegas-Clark County Library District
Notes to Basic Financial Statements (continued)
For the Fiscal Year Ended June 30, 2018

The fair value measurement level within the hierarchy is based on the lowest level of any input that is deemed significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

At June 30, 2018, the District's Level 1 investments were valued based on quoted market prices provided by recognized broker dealers and its Level 2 investments were valued, by recognized broker dealers, based on a matrix pricing model that maximizes the use of observable inputs for similar securities.

At June 30, 2018, the District had the following investments and maturities:

Investments:	Reported amount/fair value	Investment Maturities (In Years)	
		Less than 1	1 to 5
U.S. Treasuries (Level 1)	\$ 8,719,426	\$ 4,182,349	\$ 4,537,077
Certificates of deposit (Level 2)	3,215,673	3,215,673	
U.S. Agencies (Level 2)	<u>4,517,575</u>	<u>1,913,998</u>	<u>2,603,577</u>
	<u>\$ 16,452,674</u>	<u>\$ 9,312,020</u>	<u>\$ 7,140,654</u>

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical organization. The District's investment policy mitigates this risk by limiting investments to the safest types of securities, pre-qualifying entities (e.g., financial institutions, intermediaries, advisors), and diversifying its investment portfolio. At June 30, 2018, all of the District's investments were rated "AAA" or "AA."

The District's policy places no limits on the amount that can be invested in any one issuer beyond that stipulated by the NRS.

In addition to the District's investment in U.S. Treasuries, investments in any one issuer that represents 5% or more of the District's total investments at June 30, 2018, were as follows:

<u>Issuer</u>	<u>Investment Type</u>	<u>Reported amount/ fair value</u>
Federal Home Loan Bank	U.S. Agencies	\$ 1,470,394
Federal Farm Credit Banks Funding Corp.	U.S. Agencies	1,602,864

Las Vegas-Clark County Library District
Notes to Basic Financial Statements (continued)
For the Fiscal Year Ended June 30, 2018

Property and Equipment

Changes in capital assets for the year ended June 30, 2018, were as follows:

	Balance June 30, 2017 (Restated)	Increases	Decreases	Balance June 30, 2018
Capital assets not being depreciated:				
Land	\$ 5,706,578			\$ 5,706,578
Construction in progress	<u>2,812,977</u>	<u>\$ 14,543,220</u>	<u>\$ (8,898,303)</u>	<u>8,757,894</u>
	<u>8,519,555</u>	<u>14,543,220</u>	<u>(8,898,303)</u>	<u>14,464,472</u>
Capital assets being depreciated:				
Buildings	124,707,531	8,501,863	(27,795)	133,181,599
Improvements	3,219,020	70,963		3,289,983
Library media materials	85,816,313	9,275,270	(5,173,973)	89,917,610
Furniture and equipment	<u>17,764,797</u>	<u>387,556</u>	<u>(34,125)</u>	<u>18,118,228</u>

Interfund Receivables, Payables, and Transfers

At June 30, 2018, amounts due to and from other funds resulting from the time lag between the dates that reimbursable transactions occur and payments between funds are made, were as follows:

Due to/from other funds:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General	Las Vegas-Clark County Library Foundation	\$ 88,103
Las Vegas-Clark County Library Foundation	General	3,055,000
QALICB	General	27,500
Capital projects	QALICB	3,897,740

Transfers of revenues collected in various funds are used to finance various programs and expenditures accounted for in other funds in accordance with budgetary authorization or legal requirements. Interfund balances as of June 30, 2018, were as follows:

Interfund transfers:

<u>Transfer out</u>	<u>Transfer in</u>	<u>Amount</u>
General	Capital projects	\$ 7,400,000

Las Vegas-Clark County Library District
Notes to Basic Financial Statements (continued)
For the Fiscal Year Ended June 30, 2018

Operating Lease Commitments

The District leases certain facilities under non-cancelable operating leases, which expire (including renewal periods) in May 2020. Rent expense resulting from such leases was \$16,916 for the year ended June 30, 2018.

At June 30, 2018, approximate future minimum lease payments were as follows:

<u>Years ending June 30,</u>	
2019	\$ 17,616
2020	14,680

General Obligation Bonds and Notes Payable

The District issues general obligation bonds and notes payable to provide funds for the improvement, acquisition or construction of major capital assets. These constitute general obligations of the District, and the full faith and credit of the District are pledged for the payment of principal and interest.

General obligation bonds and notes payable outstanding at June 30, 2018, were as follows:

	<u>Maturity date</u>	<u>Original amount</u>	<u>Interest rate</u>	<u>Balance June 30, 2018</u>
Bond issue series 2009	January 2019	\$ 50,000,000	3.00-5.00 %	\$ 7,265,000
LVCIC QLICI – Loan A	July 2057	11,335,600	1.203 %	11,335,600
LVCIC QLICI – Loan B	July 2057	5,154,400	1.203 %	5,154,400
Clearinghouse QLICI – Loan A	December 2047	6,646,000	1.00 %	6,646,000
Clearinghouse QLICI – Loan B	December 2047	<u>3,154,000</u>	1.00 %	<u>3,154,000</u>
		<u>\$ 76,290,000</u>		<u>\$ 33,555,000</u>

Annual debt service requirements to maturity were as follows:

<u>Years ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 7,265,000	\$ 659,617	\$ 7,924,617

2024 and thereafter	<u>26,290,000</u>	<u>5,359,852</u>	<u>31,649,852</u>
	<u>\$ 33,555,000</u>	<u>\$ 7,205,087</u>	<u>\$ 40,760,087</u>

Las Vegas-Clark County Library District
Notes to Basic Financial Statements (continued)
For the Fiscal Year Ended June 30, 2018

Changes in Long-term Liabilities

Long-term liability activity for the year ended June 30, 2018, was as follows:

	Balance June 30, 2017 (Restated)	Additions	Reductions	Balance June 30, 2018	Due within one year
Bond issue series 2009	\$ 14,185,000		\$ (6,920,000)	\$ 7,265,000	\$ 7,265,000
LVCIC QLICI – Loan A		\$ 11,335,600		11,335,600	
LVCIC QLICI – Loan B		5,154,400		5,154,400	
Clearinghouse QLICI – Loan A		6,646,000		6,646,000	
Clearinghouse QLICI – Loan B		3,154,000		3,154,000	
Compensated absences	5,337,967	2,604,104	(2,157,485)	5,784,586	2,200,635
Obligation for postemployment benefits other than pensions	2,149,156	71,482	(235,667)	1,984,971	
Net pension liability	<u>46,002,178</u>	<u>3,649,402</u>	<u>(4,114,658)</u>	<u>45,536,922</u>	<u>.</u>
	<u>\$ 67,674,301</u>	<u>\$ 32,614,988</u>	<u>\$ (13,427,810)</u>	<u>\$ 86,861,479</u>	<u>\$ 9,465,635</u>

The compensated absences, obligation for postemployment benefits other than pensions and net pension liability are normally liquidated by the general fund.

Note 4. Other Information

Risk Management

The District is exposed to various risks of loss related to torts; theft of, or damage to, or destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District maintains a risk management program to assess coverage of potential risks of loss. Under this program, the District participates in workers' compensation and unemployment programs provided by the State. For all other risks, the District purchases insurance coverage subject to nominal deductibles. Settled claims and awards have not exceeded this commercial coverage in any of the past three fiscal years.

Contingent liabilities

In the ordinary course of its operations, claims are filed against the District. It is the opinion of management that, except as disclosed in the following paragraph, these claims will not result in any material adverse effect on the District's financial statements.

In October 2016, a claim was filed against the District for which a settlement agreement was proposed on October 24, 2018. This agreement requires approval by the District's Board and, if approved, the District would pay a settlement of \$150,000. If the settlement agreement is not approved, the claim would proceed to trial. Should the District not be the prevailing party, the District would have to pay the claimant's attorney fees and any damages awarded to the claimant, all of which may exceed \$300,000.

The District does not accrue for estimated future legal and defense costs, if any, to be incurred in connection with outstanding or threatened litigation and other disputed matters, but rather records such period costs when the services are rendered.

Multiple-Employer Cost-Sharing Defined Benefit Pension Plan

The District's employees are covered by the Public Employees' Retirement System of Nevada (PERS), which was established by the Nevada Legislature in 1947, effective July 1, 1948, and is governed by the Public Employees' Retirement Board (the PERS Board) whose seven members are appointed by the governor. The District does not exercise any control over PERS.

PERS is a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both regular and police/fire members. PERS is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

Benefits, as required by NRS, are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering the system on or after January 1, 2010. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this multiplier is 2.67% of average compensation. For members entering the system on or after January 1, 2010, there is a 2.5% multiplier. Regular members entering PERS on or after July 1, 2015, have a 2.25% multiplier. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 - .579, which for members entering the system before January 1, 2010, is equal to the lesser of:

1. 2% per year following the third anniversary of the commencement of benefits, 3% per year following the sixth anniversary, 3.5% per year following the ninth anniversary, 4% per year following the twelfth anniversary and 5% per year following the fourteenth anniversary, or
2. The average percentage increase in the Consumer Price Index (or other PERS Board approved index) for the three preceding years.

In any event, a member's benefit must be increased by the percentages in paragraph 1, above, if the benefit of a member has not been increased at a rate greater than or equal to the average of the Consumer Price Index (All Items) (or other PERS Board approved index) for the period between retirement and the date of increase.

For members entering the system on or after January 1, 2010, the post-retirement increases are the same as above, except that the increases do not exceed 4% per year.

For members with an effective date of membership on or after July 1, 2015, the post-retirement increases are 2% per year following the third anniversary of the commencement of benefits, 2.5% per year following the sixth anniversary, the lesser of 3% or the CPI for the preceding calendar year following the ninth anniversary.

Regular members are eligible for retirement at age 65 with five years of service, at age 60 with 10 years of service, or at any age with thirty years of service. Regular members entering the System on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, or age 62 with 10 years of service, or any age with thirty years of

service. Regular members entering the System on or after July 1, 2015, are eligible for retirement at age 65 with five years of service, at age 62 with ten years of service, at age 55 with 30 years of service, or at any age with 33 1/3 years of service. Police/fire members are eligible for retirement at age 65 with five years of service, at age 55 with ten years of service, at age 50 with twenty years of service, or at any age with twenty-five years of service. Police/fire members entering the system on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, or age 60 with ten years of service, or age 50 with twenty years of service, or at any age with thirty years of service. Only service performed in a position as a police officer or firefighter may be counted toward the eligibility for retirement as police/fire accredited service.

The normal ceiling limitation on the monthly benefit allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both regular and police/fire members become fully vested as to benefits upon completion of five years of service.

The authority for establishing and amending the obligation to make contributions and member contribution rates rests with NRS. New hires, in agencies which did not elect the employer-pay contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two alternative contribution plans. Contributions are shared equally by employer and employee in which employees can take a reduced salary and have contributions made by the employer or can make contributions by a payroll deduction matched by the employer.

PERS's basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due. PERS receives an actuarial valuation on an annual basis for determining the prospective funding contribution rates required to fund the system on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by NRS. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450. The actuarial funding method used is the entry age normal cost method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary.

For the fiscal years ended June 30, 2018, the required employer/employee matching rate was 14.5% for regular and 20.75% for police/fire members. The EPC rate was 28% for regular and 40.50% for police/fire members.

PERS issues a publicly available Comprehensive Annual Financial Report that includes financial statements and required supplemental information. This report is available on the PERS website, www.nvpers.org under publications.

PERS collective net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. For this purpose, certain actuarial valuation assumptions are stipulated by GASB and may vary from those used to determine the prospective funding contribution rates.

The total PERS pension liability was determined using the following actuarial assumptions (based on the results of an experience review completed in 2017), applied to all periods included in the measurement:

Actuarial valuation date	June 30, 2017
Inflation rate	3.5%, beginning of year 2.75%, end of year
Payroll growth	5.00%, including inflation
Investment rate of return	8%, beginning of year 7.5%, end of year
Discount rate	7.5%
Productivity pay increase	0.5%
Consumer price index	2.75%

Las Vegas-Clark County Library District

Notes to Basic Financial Statements (continued)
For the Fiscal Year Ended June 30, 2018

Actuarial cost method
Projected salary increases

Entry age normal and level percentage of payroll
Regular: 4.25% to 9.15%, depending on service
Police/Fire: 4.55% to 13.9%, depending on service
Rates include inflation and productivity increases

At June 30, 2017, assumed mortality rates and projected life expectancies for selected ages were as follows:

Age	All Members			
	Mortality Rates		Expected Years of Life Remaining	
	Males	Females	Males	Females
40	0.20%	0.14%	40.4	43.6
50	0.49%	0.38%	31.4	34.5
60	0.90%	0.59%	23.2	25.9
70	1.81%	1.26%	15.6	17.7
80	4.55%	3.42%	9.1	10.5

These mortality rates and projected life expectancies are based on the following:

- For non-disabled, healthy members – Headcount-Weighted RP-2014 Healthy Annuitant Table projected to 2020 with Scale MP-2016, set forward one year for spouses and beneficiaries. For ages less than 50, mortality rates are based on the Headcount-Weighted RP-2014 Employee Mortality Tables. Those mortality rates are adjusted by the ratio of the mortality rate for healthy annuitants at age 50 to the mortality rate for employees at age 50. The mortality rates are then projected to 2020 with Scale MP-2016.
- For all disabled members – Headcount-Weighted RP-2014 Disabled Retiree Table, set forward four years.
- For pre-retirement members – Headcount-Weighted RP-2014 Employee Table, projected to 2020 with Scale MP-2016.

PERS’s policies which determine the investment portfolio target asset allocation are established by the PERS Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of PERS.

The following target asset allocation policy was adopted as of June 30, 2017:

Asset Class	Target Allocation	Long-term Geometric Expected Real Rate of Return *
Domestic equity	42%	5.50%
International equity	18%	7.75%
Domestic fixed income	30%	0.25%
Private markets	5%	6.80%

* These geometric return rates are combined to produce the long-term expected rate of return by adding the long-term expected inflation rate of 2.75%.

The discount rate used to measure the total pension liability was 7.5% as of June 30, 2017. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified by NRS. Based on that assumption, PERS’s fiduciary net position at June 30, 2017, was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments (7.5%) was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2017.

Las Vegas-Clark County Library District
Notes to Basic Financial Statements (continued)
For the Fiscal Year Ended June 30, 2018

The District's proportionate share of the net pension liability at year end, calculated using the discount rate of 7.5%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower (6.5%) or 1% higher (8.5%) than the current discount rate was as follows:

	<u>1% Decrease in Discount Rate</u>	<u>Discount Rate</u>	<u>1% Increase in Discount Rate</u>
Net pension liability	\$ 68,839,112	\$ 45,536,922	\$ 26,184,088

Detailed information about PERS fiduciary net position is available in the PERS Comprehensive Annual Financial Report, available on the PERS website, www.nvpers.org under publications. PERS fiduciary net position and additions to/deductions from it have been determined on the same basis used in the PERS Comprehensive Annual Financial Report. PERS financial statements are prepared in accordance with accounting principles generally accepted in the United States of America applicable to governmental accounting for fiduciary funds. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The District's proportionate share (amount) of the collective net pension liability was \$45,536,922, which represents 0.34239% of the collective net pension liability. Contributions for employer pay dates within the fiscal year ending June 30, 2017, were used as the basis for determining each employer's proportionate share. Each employer's proportion of the net pension liability is based on their combined employer and member contributions relative to the total combined employer and member contributions for all employers for the period ended June 30, 2017.

For the year ended June 30, 2018, the District's pension expense was \$3,649,401 and its reported deferred outflows and inflows of resources related to pensions were as follows:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience		\$ 2,988,143
Changes in assumptions	\$ 3,020,941	
Net difference between projected and actual earnings on investments	295,663	
Changes in proportion and differences between actual contributions and proportionate share of contributions	1,011,070	
Contributions subsequent to measurement date	3,049,437	

At June 30, 2017, the average expected remaining service life is 6.39 years.

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date totaling \$3,049,437 will be recognized as a reduction of the net pension liability in the year ending June 30, 2019. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Years ending June 30,</u>	
2019	\$ (3,330,348)
2020	4,311,162
2021	1,113,369
2022	(3,035,657)
2023	1,569,674
Thereafter	711,331

Las Vegas-Clark County Library District
Notes to Basic Financial Statements (continued)
For the Fiscal Year Ended June 30, 2018

Changes in the District's net pension liability were as follows:

Net pension liability, beginning of year	\$ 46,002,178
Pension expense	3,649,401
Employer contributions	(3,073,238)
Change in net deferred outflows and inflows	<u>(1,041,420)</u>
Net pension liability, end of year	<u>\$ 45,536,922</u>

At June 30, 2018, \$263,077 is payable to PERS, for the June 2018 required contribution, and is included in accrued payroll.

Postemployment Benefits Other Than Pensions (OPEB)

In accordance with NRS, the District provides other postemployment benefits to retirees by participating in the State's Public Employee Benefit Plan (PEBP), an agent multiple-employer cost sharing defined benefit plan administered by a ten member governing board of which nine members are appointed by the State's Governor and the Director of the Department of Administration or their designee. PEBP provides medical, prescription, dental and vision benefits to retirees. The District does not provide any other postemployment benefits (either directly or indirectly).

The PEBP issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by writing to the following address: Public Employee Benefit Plan, 901 South Stewart Street, Suite 101, Carson City, NV 89701.

PEBP eligibility and subsidy requirements are governed by the NRS and can only be amended through legislation. In 2008, NRS were amended. As a result of this amendment, the number of retirees for whom the District is obligated to provide postemployment benefits is limited to eligible employees who retired from District service prior to September 1, 2008.

The District is required to provide a subsidy, based on years of service for its retirees that have enrolled in the PEBP. The subsidy is paid on a pay-as-you-go basis and is set by the State Legislature. In the current fiscal year, this subsidy ranged from \$10 to \$876 per retiree, per month.

At June 30, 2018, 37 retirees were covered by and receiving benefits from the PEBP.

The District's total OPEB obligation was determined using the following actuarial assumptions applied to all periods included in the measurement:

Actuarial valuation date	July 1, 2018
Measurement date	June 30, 2018
Discount rate	3.4%, beginning of year 3.3%, end of year
Actuarial cost method	Entry age, level percent-of-pay
Total retirees	37
Average retiree age	72.5 years
Average retiree life expectancy	16.1 years
Projected salary increases	N/A*
Projected trend on payments to PEBP	6.5% per annum, decreasing 0.25 to 0.5% per year to an ultimate rate of 4.5%
Mortality rates	Society of Actuaries RPH-2014 Total Dataset Mortality table with Scale MP-2017 Full Generational Improvement

* PEBP is a closed plan; and therefore, there are no current District employees covered by the PEBP.

Las Vegas-Clark County Library District
Notes to Basic Financial Statements (continued)
For the Fiscal Year Ended June 30, 2018

There were no changes in OPEB benefit terms that affected the measurement of the District's total OPEB liability during the year ended June 30, 2018.

At year end, the District's total OPEB obligation sensitivity to changes in the discount rate and healthcare cost trend rate was as follows:

	1% Decrease in <u>Discount Rate</u>	<u>Discount Rate</u>	1% Increase in <u>Discount Rate</u>
Total OPEB liability	\$ 2,237,964	\$ 1,984,971	\$ 1,773,627

	1% Decrease in <u>Healthcare Cost Trend Rate</u>	<u>Healthcare Cost Trend Rate</u>	1% Increase in <u>Healthcare Cost Trend Rate</u>
Total OPEB liability	\$ 1,784,119	\$ 1,984,971	\$ 2,219,614

At June 30, 2018, changes in the District's total OPEB obligation were as follows:

Total OPEB obligation, beginning of year	<u>\$ 2,149,156*</u>
Service cost	N/A*
Interest on total OPEB obligation	71,482
Differences between expected and actual experience	(165,020)
Changes of assumptions or other inputs	22,856
Benefit payments	<u>(93,503)</u>
Net change in total OPEB obligation	<u>(164,185)</u>
Total OPEB obligation end of year	<u>\$ 1,984,971</u>

* PEBP is a closed plan; and therefore, there are no current District employees covered by the PEBP.

As the District's OPEB obligation includes only retirees, the average expected remaining service life is zero; and therefore, deferred outflows and inflows of resources do not apply.

Note 1. Budget Information

The accompanying required supplementary schedule of revenues, expenditures, and changes in fund balance presents the original adopted budget, the final amended budget, and actual general fund data. The original budget was adopted on a basis consistent with the Las Vegas-Clark County Library District's (the District) financial accounting policies and accounting principles generally accepted in the United States. All amendments made to the original budget were as prescribed by law and similarly consistent.

Additional budgetary information can be found in Note 2 to the basic financial statements.

Note 2. Postemployment Benefits Other Than Pensions

For the year ended June 30, 2018, no significant events occurred that had an effect on the benefit provision, size or composition of those covered by the postemployment benefit plans. The only significant change in actuarial methods and assumptions used was an increase in the discount rate from 3.57% at the beginning of the year to 3.87% at the end of the year.

Actuarial information for postemployment benefits other than pensions is not available for measurement years prior to the year ended June 30, 2018. As information becomes available this schedule will ultimately present information for the ten most recent fiscal years.

Additional information related to postemployment benefits other than pensions can be found in Note 4 to the basic financial statements.

Note 3. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan

For the year ended June 30, 2018, there were no changes in the pension benefit plan terms or to the actuarial methods and assumptions used in the actuarial valuation report dated June 30, 2017.

Additional information related to the multiple-employer cost-sharing defined benefit pension plan can be found in Notes 1 and 4 to the basic financial statements.

Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally or otherwise restricted to expenditures for specific purposes.

The grant fund accounts for revenues and expenditures of monies received from State and Federal grants.

The gift fund accounts for gifts to the District accepted by the Board of Trustees.

Permanent Fund

The permanent fund accounts for financial resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the District's programs.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Trustees
Las Vegas-Clark County Library District
Las Vegas, Nevada

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Las Vegas-Clark County Library District (the District) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents, and have issued our report thereon dated November 2, 2018.

Internal Control over Financial Reporting. In planning and performing our audit of the basic financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's basic financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters. As part of obtaining reasonable assurance about whether the District's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts, including whether the funds established by the District, as listed in Nevada Revised Statutes (NRS) 354.624 (5)(a)(1 through 5), complied with the express purposes required by NRS 354.6241. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported

under *Government Auditing Standards*.

We noted certain matters that we reported to the District in a separate letter dated November 2, 2018.

Purpose of this Report. The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Reserved	\$ 83,928,262	\$ 66,357,954 ¹								
Unreserved, reported in:										
Aggregate non-major funds	476,532	483,024								
Total All Other Governmental Funds	\$ 84,404,794	\$ 66,840,978	\$ 50,206,497	\$ 45,554,895	\$ 52,757,666	\$ 49,041,902	\$ 47,132,756	\$ 61,164,306	\$ 49,007,005	\$ 56,168,582

¹ The decrease in reserved fund balance was due to construction of the Windmill Library and Service Center.

² Fund Balances for fiscal year 2011 through 2018 have been classified in accordance with new GASB 54 fund balance reporting standards.

³ The decrease in unreserved fund balance was due to transfers to assigned fund balance.

⁴ The decrease in assigned fund balance was due to increases in nonspendable and restricted fund balances related to the New Markets Tax Credits Program.

ACCOMPANYING INFORMATION**

This page intentionally left blank

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM; REPORT ON INTERNAL CONTROL
OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES
OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

Board of Trustees
Las Vegas-Clark County Library District
Las Vegas, Nevada

We have audited the compliance of the Las Vegas-Clark County Library District (the District) with the types of compliance requirements described in the Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on the District's major federal program for the year ended June 30, 2018. The District's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility. The District's management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility. Our responsibility is to express an opinion on compliance for the District's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Major Federal Program. In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the District's major federal program for the year ended June 30, 2018.

Report on Internal Control Over Compliance. The District's management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *deficiency* in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance. We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated November 2, 2018, which contained an unmodified opinion on those basic financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Las Vegas, Nevada
November 2, 2018

Schedule of Expenditures of Federal Awards
For the Fiscal Year Ended June 30, 2018

<u>Federal Grantor/Pass-through Grantor / Program Title</u>	<u>Federal CFDA Number</u>	<u>Pass-through Entity Identifying Number</u>	<u>Amount Passed Through to Subrecipients</u>	<u>Total Federal Expenditures</u>
Institute of Museum and Library Services				
Passed Through State of Nevada, Library, Archives and Public Records, Department of Administration

Total federal assistance expended				\$ 828,574

* A "major" program.

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Las Vegas-Clark County Library District (the District) under programs of the federal government for the year ended June 30, 2018. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to, and does not, present the District's financial position or changes therein.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts, if any, shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Note 3. Indirect Cost Rate

The District has not elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

Section I - Summary of Auditors' Results:

Financial Statements:

Type of auditors' report issued:	Unmodified
Internal control over financial reporting:	
Material weaknesses identified?	No
Significant deficiencies identified that are not considered to be material weaknesses?	None reported
Noncompliance material to financial statements?	No

Federal Awards:

Internal control over major programs:	
Material weaknesses identified?	No
Significant deficiencies identified that are not considered to be material weaknesses?	None reported
Type of auditors' report issued on compliance for major programs:	Unmodified
Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?	No

Identification of major programs:

CFDA Number:	84.002
Name of Federal Program or Cluster:	U.S. Department of Educations, Office of Vocational and Adult Education, Adult Education, Basic Grants to States
Dollar threshold used to distinguish between Type A and Type B programs:	\$750,000
Auditee qualified as low-risk auditee?	Yes

Section II – Findings relating to the financial statements, which are required to be reported in accordance with auditing standards generally accepted in the United States and *Government Auditing Standards*:

None reported
