What is the "Lab?"
During lab hours you can access computers with internet, play the Wii U and the Nintendo Switch, use craft supplies, the 3D printer and pens, or just hang out.

All programs are FREE and open to the public. Please see reverse side for program details.

What is teens@? The Sahara West Library's teen area is open during regular library hours and is designed for teens. The **Teens@ Lab**, located in the teen area, is open during select hours (see reverse). It is where we host our programs and have fully loaded personal computers, art supplies, crochet/sewing supplies, technology/games/puzzles, the Wii U and the Nintendo Switch—all for teens ages 12-17 only!
