

3/20/20

Library Operations Staff:

Thank you for your patience during this time, and I hope you and your families are safe and well. The LO Administration Team has been in constant communication with Branch Managers and Outlying Associates during the past several days. We've compiled the following Frequently Asked Questions, based on everyone's feedback, as it pertains to branch operations.

If you have additional questions during the closure period, please send them to your Branch Manager (or Regional Manager), who will forward them to me. I'll make sure the proper department receives your question, and we'll get these addressed as quickly as possible.

Stay safe, everyone!

Jenn Schember
Library Operations Director
