

Setting up Email Alerts for Searches using Blogtrottr in Chrome

Chrome Users

STEP 1

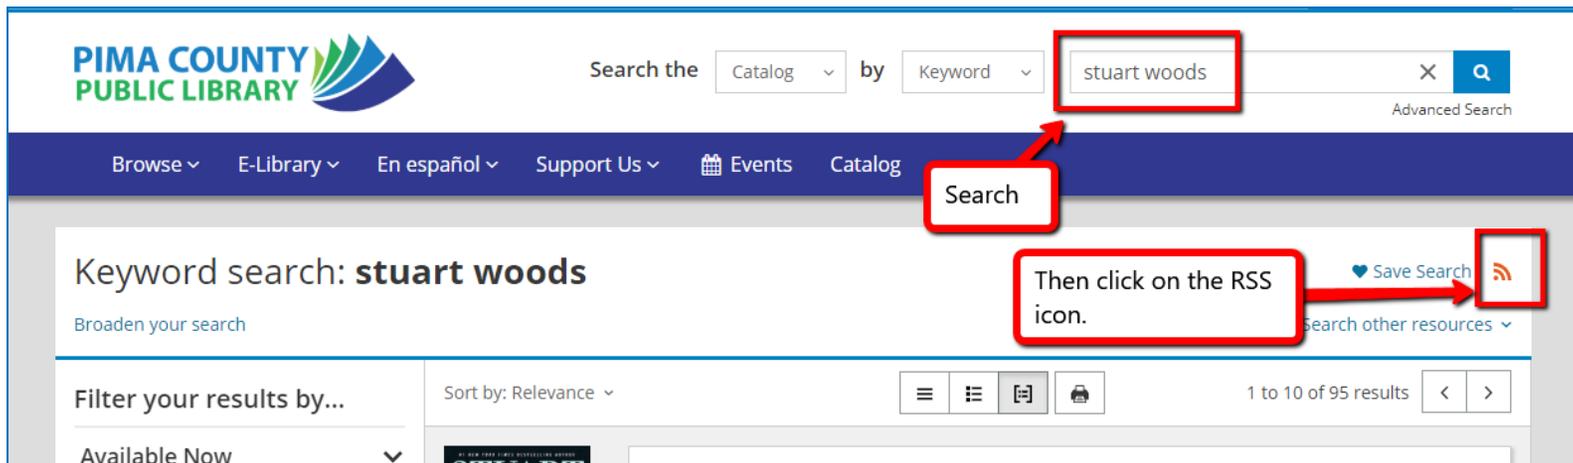

Install RSS Feed Reader Extension for Chrome

1. Open Chrome browser
2. Go to <https://chrome.google.com/webstore/>
3. Search **RSS subscription extension by Google**
4. Click on **Add to Chrome** next to **RSS Subscription Extension (by Google)**

STEP 2

Set up Blogtrottr as your Feed Reader

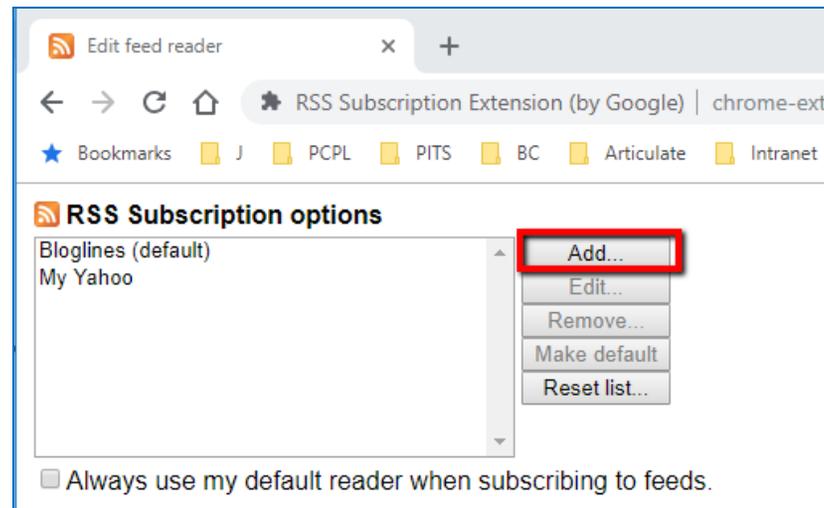

You will only have to do this once. Do a search in our catalog. Then click on the little RSS icon.

You will be taken to a page that looks like this. Notice the top where it says “Subscribe to this feed using: Bloglines.” Click that drop-down menu, and select “Manage...”

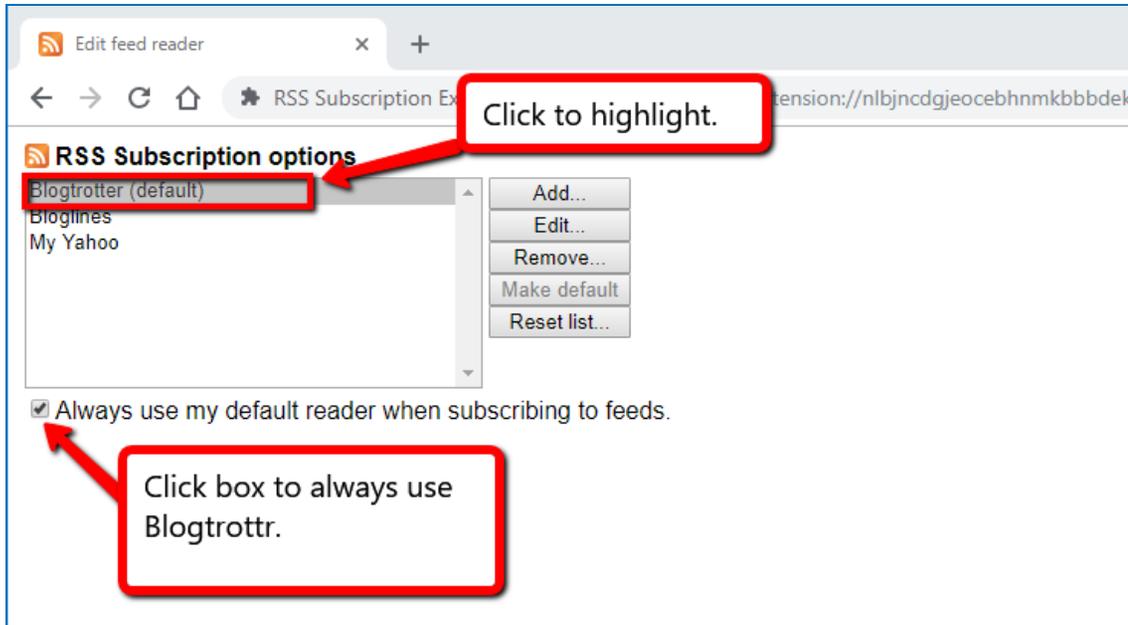

You are going to add Blogtrottr, so that you can set it up to manage your feeds. Click Add...

1. Enter **Blogtrottr** in the name
2. Enter **https://blogtrottr.com/?subscribe=%s&myemail@gmail.com** as the URL
 - a. Change the red section above to your personal email address
3. Be sure to select **Save**, not Close

Now, to set Blogtrottr as the default, highlight Blogtrottr, then click the box where it says, “Always use my default reader when subscribing to feeds.”

Blogtrottr is now set up.

STEP 3

Go back to the Library’s website and **run your search again**.

Then click on the **RSS icon** again.

You will be taken to a different screen where you can subscribe to the feed.
