Renewing and Returning eAudiobooks

Follow these instructions to either renew or return an eAudiobook. You have two weeks to listen to a title. If you do not renew before those two weeks are up, the eAudiobook will automatically be returned to the library and deleted from the RBdigital app. You do not have to take any action for this to happen, and you will not incur any late fees in any case. You can, however, return an eAudiobook early as a courtesy to other library customers. If you choose to renew an eAudiobook, please note that you will only be able to do so three days prior to the due date. You will be unable to renew if other library customers have reserved the eAudiobook, but you can place a hold on it to get back in line.

1. Tap the  icon in the upper-left corner, then tap CHECKED OUT in the slide-out menu:

2. Tap the cover of the eAudiobook you wish to renew or return:
3. Tap either the **RETURN** or **RENEW** buttons:

5. Once you’ve found an eMagazine you want, you can immediately check out the most recent issue by tapping the **CHECKOUT** button beneath its cover:

2. The eMagazine will open to the cover. EMagazines are exact digital duplicates of the physical counterparts, advertisements and all:

3. Swipe from right to left to advance through the magazine. Tap the middle of the page to bring up a screen where you can quickly swipe through multiple pages at once:
4. To make reading easier, particularly on smartphones and devices with smaller screens, tap the middle of the page at the beginning of an article, then tap **TEXT**:
5. The **TEXT** option lets you read articles without any of the magazine formatting. This is especially nice for reading eMagazines on smartphones:

6. To view the eMagazine table of contents, change the font formatting, or to switch back to the PDF view (the regular view) of the magazine, tap anywhere on the screen that isn’t occupied by an image. This will bring up a toolbar at the bottom of the screen:

Returning and Renewing eMagazines

You don’t have to do either! They are yours to keep, and your check-out will not affect another customer’s ability to check out the same issue. However, if you’d like to delete an eMagazine from your device, simply tap the X icon in the upper-right corner of its cover thumbnail:
