BOARD OF SUPERVISORS, Contra Costa County Library

POLICY FOR COLLECTION DEVELOPMENT AND ACCESS

It is the policy of the Contra Costa County Library to meet the informational, educational, recreational, and cultural needs of the community by providing a variety of library resources. Professional judgment and ongoing community analysis guide the selection process.

Selection Responsibility

Legal responsibility for the selection of library resources rests with the County Librarian. (Education Code, Title 1, Part 11, Chapter 6, Section 19146)

Selection Guidelines

The Library provides resources that appeal to all ages and encompass a variety of formats and subject matter. The Library identifies and responds to changing demographics in order to meet community needs. The Library selects resources based upon principles of open access for all its users to many forms of information that provide diverse points of view and meet the ongoing needs of the people in the community. An item will not be excluded simply because it is frank or controversial.

Selection Criteria

The Library selects resources according to a general set of criteria that applies to all age levels and formats. These criteria include community interest and input, use of the collection, critical merit, relevance to diverse populations, usefulness, currency of information, and appropriateness for intended audience.

Access

Resources are purchased for the library in the most appropriate format for use. The library collects titles in the following formats: books, magazines/newspapers, pamphlets, microfilm, audiostreams, compact discs, video/cassettes and CD-ROMs. As new formats become available, they will be evaluated for the collection. All library users have equal access to all library resources, regardless of format.

Gifts

The Library may accept gifts of either resources or money for the collection within the guidelines set forward in County Administration Bulletin 117.5. The Library accepts gifts in accordance with selection criteria and guidelines.

Reconsideration of Library Resources

The Library welcomes expression of opinions about its collection from members of the public. The Library will evaluate and make an effort to respond in writing to any patron request to remove a particular item from the collection or restrict access to a resource. The Library's evaluation will be based upon the tenets and guidelines contained within this Policy.

The County Librarian shall develop a collection development plan and procedures for the implementation of this Policy.

I hereby certify that this is a true and correct copy of an action taken and entered on the minutes of the Board of Supervisors on the date shown.
