### **Oh Corona!**

It was the end of 2019  
When Corona was up to no good in Wuhan  
A disease it caused called Covid 19  
It spread from Li Shan to Afredo to Hernandez to Hans

Wuhan had a complete lockdown  
Amnesty International was concerned about human rights  
Locked indoor can make one feel real down  
But the supreme concern is life rights

The Italians pleaded to EU for help  
It was the Chinese who responded in kind  
Calling it a Chinese virus is of no help  
When humanity needed a response of the helpful kind

Frequent hand washing has become a ritual  
"Social distancing" was coined as a new safeguard phrase  
Confined to our home our reality has become virtual  
To come out of this we will go through a number of phases

Coronavirus is not Spanish nor Italian nor Chinese  
Coronavirus does not discriminate  
Coronavirus is a world traveller  
Coronavirus kills

Fighting Covid 19 is not a game  
Although some have chosen to play the blame game  
Bill Gates in 2015 warned us of such a pandemic  
Nuclear bomb could not shut the world down like a viral epidemic

A calamity has befallen on humanity  
Let's fight it with unity  
All front line health care workers are the heroes of the day  
As they risk their lives to bring us a better day
