“With COVID-19 spreading across the world, many schools and other buildings that we usually use have been closed off for several months now. As a secondary school student, it's hard not being able to see the people I usually do on a daily basis, the friends I usually hang out with. I think I speak for many when I say that I miss hanging out with my friends, going out to eat with them, and just being able to go outside in general. ”
