Family Tech Night was attended by 420 residents. These enthusiastic future scientists, engineers, inventors, and entrepreneurs enjoyed robotics, coding, the 3D printer, Laser Cutter, and more.

Did You Know?

Congratulations are in order for Darius Green. The first graduate from the Library's Adult Career Online High School program. He has earned an accredited High School Diploma through this innovative Library program. He began the program in February.

Darius tells us this is an important step toward his plan to get a college degree in business.

More information is available at friscolibrary.com

There was standing room only for gardening program co-hosted with City's Water Resources team.

Teen Volunteers Make a Difference!

In June, 132 Teens donated 507 hours to the Library.

Summers at the Library are BUSY! Crowds enjoying the library and its services can make it difficult to find a quiet place to read.

What's Next?

The Library Master Plan Guides the Development of the Frisco Public Library

Included within the recommendations are:

Address LibrarySpace Needs

- ✓ Recently completed Building Analysis & Recommendations Report

Improve Services Valued by the Community

- ✓ The library has worked to grow its electronic collections including: ebooks, eaudio books, emagazines.
- ✓ Technology and work skills training has dramatically increased through additional online and in person courses.

Focus on Youth and Their Needs

- ✓ The Library now offers over interactive 30 classes a week children and young adults.

Provide Leading Edge Technology and Training

- ✓ Over the last three years the library has increased its focus on technology and technology training through STEM kits for at home use and all ages and an on site Maker Space with 3D Printers, Laser Cutter, CNC Machine, book Printing and Binding Machine, and other technology with training.

Overheard

"I love Frisco Public Library! It makes me never want to move away from Frisco because it is so awesome!"

"All my daughter wanted for her birthday was a library card from the Frisco library."

"I gave my kids a choice of where they wanted to go. They choose the library for five days straight to enjoy the Reading Railroad!"

A happy Grandmother told us, "This is awesome! I've never been in a library like this!"

We received the following from a grateful mom about one of our library staff. "Bonnie has been a part of my children's library lives since their birth! We met her when we began attending Baby Story Time 11 years ago. Throughout the last decade she has remembered and helped my two girls. She was there when they needed to be read to, when they began learning to read themselves, and now as voracious young readers. Now that they are older Bonnie helps me find books that are age appropriate and challenging enough to keep my daughters' interest. She is our decade long library friend! Frisco Library is superior in every obvious way but it also stands out from the rest because of the informed, interested, and extraordinary staff. Thank you.

Accredited 2017-2018

Mission:

We enrich lives by inspiring intellect, curiosity, and imagination.
