Handprint Dream Catcher

This craft from *Kids Creative Chaos* illustrates the beauty of unity and equality. All you need is a paper plate, construction paper, streamers, glue, and markers.

- On a paper plate, cut a circle out of the center, and wrap it with crepe paper attaching with tape.
- Trace a hand on several different colors of construction paper to represent different cultures.
- Glue hands to the paper plate ring with fingers entwined to make a wreath.
- Glue crepe paper streamers from the bottom of the paper plate ring.
- Help your child write inspiring or uplifting words on each hand.
- Hang up your dream catcher and be inspired!
