

Addendum 2 for Sno-Isle Libraries' System Wide Pressure Washing ITB

1. QUESTIONS & ANSWERS – April 17, 2020

Q: Will there be any additional maps given pertaining to the exact boundaries for each location for these proposals?

A: Additional maps can be provided upon request. Walking the property is highly recommended and Attachment A (attached) breaks out what areas to pressure wash.

Q: Will we be supplied water at each location? Will it be required to reclaim waste water generated specifically for the dumpster enclosure and other possible contaminant containing areas?

A: Water will be supplied at every location. Yes, Sno-Isle Libraries expects vendors to reclaim waste water generated.

Q: When referring to scrub of exterior, what does this mean?

A: Scrub of building means low pressure scrub brush washing of building.

Q: Are roofs excluded from building bids?

A: Roof cleaning is excluded from this project.

Q: What are the property limits for Snohomish and Stanwood properties?

A: We will provide a map of Snohomish Library and Camano Island Library property limits on Monday, April 20, 2020. Stanwood is not one of the properties listed for this project.
